Mark,

I just spoke to Erin. Are you available for a call this afternoon or first thing tomorrow morning regarding the outreach? We should include Ann as well as Doug, correct?

Thanks,

Pam

Yep, it was cleared by the department last week. EPA's notice will definitely publish on Friday. Regarding the separate FWS notice, we asked for it to publish on Friday. It was delivered to the FR today and should show up in the reading room Thursday. If they do what we requested, it will publish in the FR Friday. Normally they publish on the day we request but there have been rare cases when they haven't.
