

AGENDA
SALAMANDER TOXICITY STUDY CALL NOTES
September 28, 2016
10:00 AM PDT

Attendees: Gerry McChesney (USFWS), John Isanhart (DOI), Gary Witmer (USDA), Vance Vredenburg (San Francisco State University)

- 1) Salamander captures (San Francisco State University):
 - a) Timeline to start and estimate how long to reach needed sample size
 - b) Permits
 - c) When to ship to USDA: all at once or as available?
 - d) Criteria for rejection (e.g., salamander tests positive for infection, injured, etc.)
- 2) Lab Trials:
 - a) When can USDA be ready to start?
 - b) Do all trials need to be done at once or can they be done in phases if max. sample size is not ready?
 - c) Timeline: How long to conduct trials?
