Hi Gregg,  
I received your signed Confidentiality Agreement.

Here is the draft report. Note that that "Plethodontid" was misspelled "Plethodontid" in the title.

Look forward to your review. Can you have comments by March 20?  
Thanks for your time.

Gerry

**Subject:** Request for peer review of draft report

Dear Dr. Howald,

We are soliciting peer reviews of a draft report titled "An assessment of the potential hazards of anticoagulant rodenticides to Plethodontid salamanders." This report is being used by the USFWS as a decision-support tool. The report is 50 pages in length, including 12 pages of single-spaced text, 7 pages of figures and tables, and 31 pages of appendices. I would need your review by March 20.

This document is considered confidential, as would be your review, until it is released along with other documents associated with project. After that time, the document and associated reviews (including reviewer names and affiliations) will be available to the public.

I would need your review by March 20.

Please let me if you are interested and available to review this report. If so, I will send a confidentiality agreement for you to sign followed by the draft report.

Thanks.

Gerry
