December 16, 2014

Brian Person, Chair
Trinity Management Council
c/o Trinity River Restoration Program
P.O. Box 1300
Weaverville, CA 96093

Dear Mr. Person:

The Trinity Adaptive Management Working Group (TAMWG) met on December 15, 2014. This letter serves to provide you with a summary of that meeting with our resulting policy and management recommendations, as required by the TAMWG's bylaws.

Designated Federal Officer Joe Polos provided us with an updated Action Tracker, which shows the status of the Trinity Management Council's (TMC) responses to our various motions; this document can be found on the TAMWG's webpage. Executive Director Robin Schrock provided us with the current status of the program and an overview of the workgroups. D.J. Bandrowski described the Design Team's new internal process that hopes to streamline future project planning. Ernie Clarke provided us with a summary of the first Phase 1 Review Workshop; we look forward to additional workshops as we felt this first event was very helpful towards our understanding of the program.

We discussed whether or not to recommend Humboldt County as a voting member of the TMC, based on their request letter to you, but were unable to pass a motion. As such, we have no formal recommendations for you at this time.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read 'Elizabeth Hadley', is written over a faint circular stamp.

Elizabeth Hadley, Chair
Trinity Adaptive Management Working Group
