

Definition of Federal Species of Concern (FSC): "FSC" is an informal term. It is not defined in the federal Endangered Species Act. In North Carolina, the Asheville and Raleigh Field Offices of the US Fish and Wildlife Service (Service) define "Federal Species of Concern" as those species that appear to be in decline or otherwise in need of conservation and are under consideration for listing or for which there is insufficient information to support listing at this time. Subsumed under the term "FSC" are all species petitioned by outside parties and other selected focal species identified in Service strategic plans, State Wildlife Action Plans, Professional Society Lists (e.g., AFS, FMCS) or NatureServe State Program Lists.

SCIENTIFIC NAME	COMMON NAME	STATE STATUS	FEDERAL STATUS	TAXONOMIC GROUP
<i>Aneides aeneus</i>	Green Salamander	E	FSC	Amphibian
<i>Cryptobranchus alleganiensis alleganiensis</i>	Eastern Hellbender	SC	FSC	Amphibian
<i>Desmognathus aeneus</i>	Seepage Salamander	W2	FSC	Amphibian
<i>Desmognathus organi</i>	Northern Pygmy Salamander	SR	FSC	Amphibian
<i>Desmognathus wrighti</i>	Southern Pygmy Salamander	SR	FSC	Amphibian
<i>Eurycea chamberlaini</i>	Chamberlain's Dwarf Salamander		FSC	Amphibian
<i>Eurycea junaluska</i>	Junaluska Salamander	T	FSC	Amphibian
<i>Lithobates capito</i>	Carolina Gopher Frog	T	FSC	Amphibian
<i>Necturus lewisi</i>	Neuse River Waterdog	SC	FSC	Amphibian
<i>Plethodon amplus</i>	Blue Ridge Gray-cheeked Salamander	SR	FSC	Amphibian
<i>Plethodon cheoah</i>	Cheoah Bald Salamander	SR	FSC	Amphibian
<i>Plethodon meridianus</i>	South Mountain Gray-cheeked Salamander	SR	FSC	Amphibian
<i>Plethodon welleri</i>	Weller's Salamander	SC	FSC	Amphibian
