Thanks! This will help Kevin, Kim, and Sylvia picture where it is. I always appreciate just how super quick you are at making these things happen.

Jennifer, Per your request we have created a KMZ file of the lease area shown on Clallam County Record of Survey Book 65 Page 68 recorded in March 2008 (attached). I don't know anything about the actual legal status of this lease. An image of the Refuge with the current GE KMZ files is embedded below. As you know, just downloading and clicking on the KMZ file will fire up Google Earth and load the file.

Let me know if you need anything else.
