Ralph,
Sorry I missed your call earlier. Is this the same project description that will be submitted to ACE and the County for their permitting?

Battelle wanted to charge \$22,000 for a complete survey of the area, so we are now planning to do a presence absence survey with staff and volunteers and then go from there. We are trying to schedule July 1st as our survey day. There is a super low tide very early that morning. Let us know if you or anyone else would like to join us.

Hello Jennifer,

Here is the project details form you asked for in April. Please let me know if you have any questions. I look forward to getting your feedback and finding a path that works well for both parties.

Thank you.
