Hi there Dave,

How the heck areya?

I just saw a pdf that you sent to Jennifer for the oyster lease area on Dungeness NWR, but what we really need is a shape file. Can you send one as soon as you can? We're going in to a high level meeting tomorrow and will need to present wildlife use info for that as well as subsequent meetings and the compatibility determination. If you don't have a shp, I think I could convert to a kmz, but right now all we have is multiple pdfs. Would be better to have the info neat and consolidated when presenting to the Govs. Office and/or state reps, I'm thinkin...

Thanks much n Hi to Margarette!
