I'm off. I've started a file containing info for the tribe, but it still needs the info on Lorenz's fine collection of aquaculture related bits and bobs as well as any papers on disturbance (collected during development of the CCPs). What I have so far is at S:\Dungeness\Aquaculture\Jamestown Oyster Lease\Jamestown Aquaculture Docs & Attachments\Jamestown Shoreline Permit Application 2018

I've canceled the seabird flight so I'll have time to help with this next week as well as the ES TUPU info request (info at S:\Biological\_Program\Endangered Species\TUPU).

Best,  
Sue
