Importance: High

Matthew and Jennifer,

Please find attached Jamestown's final proposal for farming oysters in Dungeness Bay on their DNR lease.

Clallam County has set a date for the public hearing for mid-March.

The Tribe anticipates having a clear understanding of the remainder of the federal process and Federal Lead status well in advance of the County public hearing.

Please let me know when you receive this email, and how I can assist in moving forward.

Thank you.

Ralph
