Hi Kelly,

I understand and appreciate the Tribe not wanting any delays. However to move forward on this project without delay, we believe it is important to have Jennifer and Ryan at the meeting as their evaluations are an integral part of the Corps evaluation.

I will check with Matt Bennett tomorrow, but I can change my schedule and work on April 1, if Jennifer is also available on that day. If she is not available, then please revise the poll for the following week.

Also, I noticed Lori's email is incorrect. I added her correct email. It should be [Frances.Morris@usace.army.mil](mailto:Frances.Morris@usace.army.mil).

Subject: [EXTERNAL] Jamestown Tribe Dungeness Bay Shellfish Farm

All,

So far Tuesday, April 5, 2016 1:00 PM - 4:00 PM appears to be the date most people can attend the meeting to discuss Jamestown's shellfish farm in Dungeness Bay. The primary purpose of the meeting is to discuss our permit application (Individual vs NWP) and our plans for resuming shellfish culture. We will be scheduling additional meetings/conference calls as needed. We will send directions to the meeting soon. Thanks.

Kelly
