

Shad Activities for Students in the Chesapeake Bay Watershed Evaluation of Lesson /Set of Activities

Please rate each component of the Lesson Plan/Set of Activities. Please select the answer that most closely corresponds with how strongly you agree with the statements below.

Criteria	Strongly Agree	Agree	Disagree	Strongly Disagree
The purpose of the lesson/activity was clearly understood by the students.				
The students were actively engaged during the lesson/activity.				
The instructional strategies were effective for the majority of the students.				
The procedures/directions were easy to understand (clear and directed to the purpose).				
The follow up activities matched the purpose of the lesson.				
Student assessments were included to indicate the effectiveness of the lesson/activities.				
Extension activities were included in the lesson.				
There were "hands-on" activities for the students to help meet the objectives/purposes of the lesson.				

What did you think were some of the strengths of the lesson/activities?

How do you think the lesson/activities could have been improved (for your students)?
