

Draft Recovery Plan for Baker's Larkspur (*Delphinium bakeri*)

About the Document

Title: Baker's Larkspur (*Delphinium bakeri*) Draft Recovery Plan

Subject and Purpose: This document presents a program for the recovery of Baker's larkspur, including measurable and objective criteria and those actions necessary for achieving recovery.

About the Peer Review Process

Type of review: In-document comments and edits.

Number of reviewers: We received peer review from one expert during the 2013 peer review period.

Reviewer Expertise: Primary expertise for the review is familiarity with the life history, threats, and habitat requirements of Baker's larkspur.

Selection of Peer Reviewer: The Service selected peer reviewers based on their expertise with the subject matter and lack of any conflicts of interest as described in the Office of Management Peer Review Guidelines.

Management of Peer Review: The peer review was managed by the Service.

Estimated Start Date of Peer Review: 2013.

About Public Participation

Opportunities for the Public: The draft recovery plan was available for public review and comment following its publication on January 13, 2015, but no comments were received.

Public nominations of peer reviewers: No other individuals or groups were asked to nominate peer reviewers.

Contact: Josh Hull, U.S. Fish and Wildlife Service, Sacramento Fish and Wildlife Office, josh_hull@fws.gov or 916-414-6600.
