Hi Brad,

I've read through the sucker draft recovery plan and I have a few comments that might be of use to you. The plan sounds great - all priorities seems appropriate and justified.

Robert and Adam might have additional comments to send your way - I haven't heard back from them on what I'm attaching here, but I'm leaving town on Sunday for 10 days and wanted to make sure that you received at least this much before I left. Let me know if you have any questions.
