

Proceedings of the 2005 Coastal Cutthroat Trout Symposium

We hope to have the Symposium Proceedings printed and distributed by summer, 2006. All paid Symposium registrants will be mailed a copy of the Proceedings as soon as they are printed.

A Publications Committee has been formed to edit extended abstracts and papers, and submit the final 2005 Coastal Cutthroat Trout Symposium Proceedings to a printing company.

Volunteers are currently being sought to provide a peer-review of the approximately 45 papers and extended abstracts that were submitted. Please contact Pat Connolly (509-538-2299 ext. 269, patrick_connolly@usgs.gov) to volunteer.

Copies of the 2005 Coastal Cutthroat Trout Symposium Proceedings will be available for purchase via the Oregon Chapter American Fisheries Society. Please check the Oregon Chapter website (www.ORAFS.org) beginning in summer, 2006, for status of Proceedings publication as well as instructions for ordering copies of Symposium Proceedings.
