

Final Critical Habitat Revision for the Alabama Beach Mouse Published in the Federal Register on January 30, 2007 (72 FR 4330)

The critical habitat depicted is for planning or clarification purposes only. It does not supercede legal descriptions, UTM data, and maps advertised in the Federal Register (72 FR 4330). This map is a subset of the larger ABM habitat map. It does not depict all areas where incidental take permits or consultation under the Endangered Species Act are recommended. For more information on ABM habitat, contact the Daphne Field Office at 251/441-5181.
