

**Help us celebrate Biodiversity!  
We need your help on June 8<sup>th</sup> to make  
Deer Flat National Wildlife Refuge's  
BioBlitz and Kids' Fishing Day a success!**

A BioBlitz is a 24-hr rapid inventory of biological diversity at Deer Flat National Wildlife Refuge! A huge part of this survey of life on the refuge is the BioBlitz festival on Saturday June 8<sup>th</sup> from 10 am to 3 pm (volunteers needed 8 AM - 4PM). The festival is free, open to the public and jam-packed with activities like guided boat trips to net fish on Lake Lowell, hummingbird banding demonstrations, native bird & plant walks, and insect collecting expeditions.

This year's BioBlitz is being held on Free Fishing Day, so we will also be holding Kids' Fishing Day at Gotts Point. From 10 am to 3 pm (volunteers needed 8 AM - 4PM), kids can learn about fish biology, fishing ethics, and water safety. Visitors will have a chance to practice casting and rigging and then test their newly-learned skills fishing in Lake Lowell! Fishing poles will be available to borrow if needed.

Each year, several hundred people come to the BioBlitz Festival and Kids' Fishing Day, and we need volunteers like you to help the event run smoothly. Interested in volunteering? Please fill out the attached form and send it to Heidi Fencik at [deerflat@fws.gov](mailto:deerflat@fws.gov) or call 467-9278. Know someone who would like to help with the BioBlitz? Please let us know. We look forward to BioBlitzing with you in June!
