

\$1 Million Coastal Wetland Grant for Habitat Protection in Cape May, New Jersey

Success: New Jersey's Green Acres Program was awarded \$ 928,000 by the National Coastal Wetlands Conservation Grant Program for the acquisition of 164 acres of wetland and upland habitat for migratory birds and other wildlife in Cape May, NJ. This area is recognized as one of the most significant concentration areas for migratory birds in the world.

The total cost of acquisition is estimated to be \$ 3 million, of which the State of New Jersey will be providing \$ 2,072,000 in matching funds.
