

## Migratory Birds/Refuge Centennial Exhibit at Philadelphia International Airport

**Background:** Our main objectives for this exhibit was to heighten awareness in relation to issues of concern and potential solutions relating to migratory bird fall migration focusing on the Twin Capes, and the refuges within this area, and emphasis on the Refuge Centennial. It is anticipated that 1,500 travelers viewed this exhibit daily.

**Partners:** Delaware Bay Estuary Project, Tinicum National Wildlife Refuge, Philadelphia Airport, Cape May Bird Observancy, and Delaware River/Delmarva Coastal Ecosystem
