Hi Alane,

I checked with Ben, and the email I sent previously will be our "memo to file" for USFWS ESA. Please reach out with any questions.

Thanks,
Erin

Hi Alane,

Please see the email string between David and me regarding the project changes and the existing consultation. As David stated, we don't believe a new consultation is needed for FWS species. I'm checking with my supervisor to see if DOI will provide a memo stating that, or if this email will suffice. I'll get back to you today.

Thanks,
Erin

Erin,

I agree with Christy, current design appears consistent with the conceptual design previously consulted on, therefore, I do not believe a new consultation with our agency is warranted.

Thanks

David

Thanks Alane. I will share this comparison with my ESA and EFH folks, but still believe the changes are within the effects previously analyzed. Please let me know if you need anything else for the pre-app meeting with the Corps.

Christy

Christy, Erin and David,

Attached please find a summary of the current design refinements for this project, for your review in preparation for the pre-app meeting. Please don't hesitate to give me a call should you have any questions or comments –

Thanks,

Alane C. Young, RPG
