Operations Division

SUBJECT: Department of the Army Regulatory Requirements for the Proposed Pearl River WMA Parking Lot and Boat Launch Project, Located in Section 25, T9S-R15E, St. Tammany Parish, Louisiana

Mr. Randell Myers  
Louisiana Department  
of Wildlife and Fisheries  
2000 Quail Drive  
Baton Rouge, Louisiana 70808

Dear Mr. Myers:

You are hereby granted authorization under the provisions of General Permit No. 25 to conduct regulated activities associated with the construction of the proposed Pearl River WMA Parking Lot and Boat Launch Project, located in St. Tammany Parish, Louisiana. Please note this General Permit expires September 30, 2019. Activities which are under construction, or that are under contract to commence, in reliance upon this General Permit will remain authorized provided the activity is completed within 12 months of the date of expiration of General Permit 25.

The site location and the construction details are shown on the enclosed maps and drawings (enclosure 1). A copy of the General Permit is enclosed for your information (enclosure 2). It is your responsibility to read and become familiar with the Special and General Conditions of the General Permit in order for you to ensure that the activity authorized herein complies with these conditions.

**Please be advised that the Standard Manatee Conditions for In-Water Activities shall be followed during construction (enclosure 3).**

Upon completion of the activity authorized by this General Permit, please fill out the certification of compliance (enclosure 4) and return it to our office.

This authorization was based upon a preliminary determination that there appear to be jurisdictional areas on the property subject to regulation pursuant to Section 10 of the Rivers and Harbors Act of 1899 and/or Section 404 of the Clean Water Act. An appeals form has been enclosed for your review (enclosure 5).

This authorization of Department of the Army regulatory requirements does not convey any property rights, either in real estate or material or any exclusive privileges, and does not authorize any injury to property or invasion of rights or local laws or regulations, or obviate the requirement to obtain State or local assent required by law for the activity discussed herein.

Thank you for advising us of your plans. If you change your plans for the proposed work, or if the proposed work does not meet the conditions of the General Permit, please contact Mr. Bryan Williamson, telephone (601) 631-5292; or email: Bryan.Williamson@usace.army.mil. In any future correspondence concerning this project, please refer to Identification No. MVK-2018-743.

I am forwarding a copy of this letter to Mr. Charles Reulet, Louisiana Department of Natural Resources, Post Office Box 44487, Baton Rouge, Louisiana 70804-4487.

Sincerely,

Cori Carraway  
Chief, Permit Section  
Regulatory Branch
