Projects located in Texas Coastal Management Zone  
CMP#: 21-1275-F5**

Dear Ms. Sweeney:

Based on information provided to the Texas Coastal Management Program on the above projects, it has been determined that they will likely not have adverse impacts on coastal natural resource areas (CNRAs) in the coastal zone. However, siting and construction should avoid and minimize impacts to CNRAs. If a U. S. Army Corps of Engineers permit is required, it will be subject to consistency review under the Texas Coastal Management Program.

Please forward this letter to applicable parties. If you have any questions or concerns, please contact me at (409) 741-4057 or at [federal.consistency@glo.texas.gov](mailto:federal.consistency@glo.texas.gov).

Sincerely,

Allison Buchtien
