Dear Mr. Cox:

The U.S. Army Corps of Engineers (Corps) has completed the review and evaluation of your modification request, received on February 14, 2020, in which you asked to revise the plans authorized by Department of the Army permit number SAJ-1988-60104, issued to the City of Mexico Beach, dated June 17, 2015. The proposed artificial reef re-nourishment is located in open waters of the Gulf of Mexico, 7.1 nautical miles southwest of the entrance to the Mexico Beach canal and 9.2 nautical miles west of the tip of the St. Joseph Peninsula.

The proposed modification is to extend the expiration date to complete your proposed project. This authorization is hereby extended. The time limit for completing the work authorized ends on March 18, 2025.

The impact of your proposal on navigation and the environment has been reviewed and found to be insignificant. The permit is hereby modified in accordance with your request. You should attach this letter to the permit. All other conditions of the permit remain in full force and effect.

If you have any questions concerning this permit modification, please contact the project manager Mrs. Lisa S. Lovvorn at the letterhead address, by telephone at 850-285-9533 or by electronic mail at [lisa.s.lovvorn@usace.army.mil](mailto:lisa.s.lovvorn@usace.army.mil).
