

A map of Great Chazy Lake and its surrounding area. The lake is a large blue body of water. A thick red arc highlights a portion of the lake's shoreline, indicating the advisory zone. The arc starts near the bottom center and curves upwards and to the right. Labels on the map include 'Coopersville' to the northwest, 'Point Au Fer' to the northeast, 'State Route 9B' along the top edge, 'Lake Shore Rd' in two locations, 'Stetson Rd' on the left, 'Back Rd' near the center, and 'Chazy River' at the bottom left. A dashed line runs vertically on the right side of the lake.

# Great Chazy (Zone 2) Lake Water-Use Advisory Area

All residents within the advisory zone have been contacted in advance and their water use needs have been accommodated.

Advisory zone public access sites are posted while the advisory is in effect.

The New York State and Vermont Departments of Health advise that the water in the advisory area NOT BE USED for DRINKING, DOMESTIC USE, FISHING, SWIMMING, IRRIGATION, or LIVESTOCK WATERING while in effect.

Citizens not located within the advisory zone are not subjected to the advisory.
