

Addendum to the
February 2022 Eagle Conservation Plan
Rim Rock Wind Energy Project
Kevin, Montana

BHE Rim Rock Wind, LLC
December 2023

NaturEner Rim Rock Wind Energy, LLC previously submitted an Incidental Eagle Take Permit (IETP) application, including the preparation and submittal of an Eagle Conservation Plan (ECP), for its Rim Rock Wind Energy Project in Kevin, Montana.

In November 2022, during the IETP permitting process, NaturEner USA, LLC, the prior owner of the Preparer of the February 2022 Eagle Conservation Plan, NaturEner Rim Rock Wind Energy, LLC, sold its subsidiaries to Berkshire Hathaway Energy Company (BHE). With the change of ownership, BHE changed the name of its new directly owned subsidiary, which is in turn the direct owner of the ECP Preparer, to BHE Montana, LLC, and the name of the ECP Preparer to BHE Rim Rock Wind, LLC.

This Addendum identifies that BHE Rim Rock Wind, LLC is the new name of the Preparer of the February 2022 Eagle Conservation Plan, Rim Rock Wind Project, Kevin, Montana.
