

National Listing Workplan

FY21 Workload (January 2021 Version)

Key to Action Types: 12M/PLPCH – 12-month finding on a petition to list a species. If listing is warranted, we generally intend to proceed with a concurrent proposed listing rule and proposed critical habitat designation, if critical habitat is prudent and determinable.

Discretionary Status Review/PLPCH – Status review undertaken by discretion of the Service. Results of the review may be to propose listing, make a species a candidate for listing, provide notice of a not warranted candidate assessment, or other action as appropriate.

PLPCH – For species that are already candidates for listing, a proposed listing determination would either propose the species for listing or provide notice of a not warranted finding. We generally intend to propose critical habitat designations concurrent with proposed listing rules, to the extent prudent and determinable.

FLFCH – For species that have already been proposed for listing, the final listing determination would either finalize or withdraw the proposed listing rule. We generally intend to finalize critical habitat designations concurrent with final listing rules, to the extent prudent and determinable.

FL – For species that have already been proposed for listing, the final listing determination would either finalize or withdraw the proposed listing rule.

P4D – Proposed 4(d) rulemaking when not concurrent with a proposed listing rule.

F4D – Final 4(d) rulemaking for a previously proposed 4(d) rule.

PCH – For species that are already listed, a proposed critical habitat rule will propose to designate critical habitat for the species, if we find critical habitat is prudent.

DFR – Direct final rule.

Note: Bolded entries where the species' name is accompanied by an * have court-ordered dates associated with them.

Package Name	Species Name	Action Type	Lead RO (Legacy FWS)	Lead DOI Region	Priority Bin Ranking or LPN	Planned FY	Range	Scientific Name
11 Southern Nevada springsnails	Amargosa tryonia	12M/PLPCH	R8	10	5	FY21	CA, NV	<i>Tryonia variegata</i>

Package Name	Species Name	Action Type	Lead RO (Legacy FWS)	Lead DOI Region	Priority Bin Ranking or LPN	Planned FY	Range	Scientific Name
11 Southern Nevada springsnails	Ash Meadows pebblesnail	12M/PLPCH	R8	10	5	FY21	NV	<i>Pyrgulopsis erythropoma</i>
11 Southern Nevada springsnails	crystal springsnail	12M/PLPCH	R8	10	5	FY21	NV	<i>Pyrgulopsis crystalis</i>
11 Southern Nevada springsnails	distal-gland springsnail	12M/PLPCH	R8	10	5	FY21	NV	<i>Pyrgulopsis nanus</i>
11 Southern Nevada springsnails	elongate-gland springsnail	12M/PLPCH	R8	10	5	FY21	NV	<i>Pyrgulopsis isolata</i>
11 Southern Nevada springsnails	Fairbanks springsnail	12M/PLPCH	R8	10	5	FY21	NV	<i>Pyrgulopsis fairbanksensis</i>
