

Instructions: Cut along the dotted line to remove border and fold in half. Card will fit a 5"x7" envelope.

Learn more about flathead chub and other amazing freshwater fish at: fws.gov/fisheries.

Did you know?
Flathead chub are a minnow species that rely heavily on vision to hunt and capture insects near the surface of the water. This allows them to survive in murky waters, hiding them from both predators and their prey.

BAH, HUMCHUB
