

Instructions: Cut along the dotted line to remove border and fold in half. Card will fit a 5"x7" envelope.

Learn more about black crappie and other amazing freshwater fish at: fws.gov/fisheries.

Did you know?
Black crappie are a freshwater species that prefer cover under vegetation, fallen trees, or boulders. They are easily confused with the white crappie, but can be distinguished by their black spots, silvery green color, and number of spines on their dorsal fins (7-8).

HOPE YOUR HOLIDAYS AREN'T CRAPPIE
