E. CERTIFICATE OF SCIENTIFIC EXCHANGE (CITES)

Note 1. A Certificate of Scientific Exchange (COSE) only authorizes the non-commercial loan, donation or exchange between scientists or scientific institutions registered by a Management Authority of their country, of preserved, dried or embedded specimens, herbarium specimens and live plant material which includes a label issued or approved by a Management Authority. [All registered institutions are listed on the CITES web site.](#) If the species of specimens are protected by other U.S. laws and/or treaties, such as the Endangered Species Act, Marine Mammal Protection Act, Migratory Bird Treaty Act, or Bald and Golden Eagle Protection Act, you are required to obtain additional authorizations prior to any export or re-import of those specimens.

Note 2. A COSE cannot be used with specimens collected by researchers unless such specimens are accessioned into the collection of a registered facility. For the import or export of specimens that are not part of a scientific institution collection, have not yet been collected, or accessioned into a collection, you will need to submit [Form 3-200-37](#). If you have questions, please contact the Division of Management Authority at the telephone number on page one.

Note 3. A COSE cannot be used for specimens, or any material derived from specimens, for commercial purposes.

For re-issuance, include the original certificate and the annual report (see [Form 3-200-39a](#)). The report is a summary of all imports and exports conducted under the COSE for the past year; including information that appears on the COSE container label such as scientific name and common name, date sent, description of specimen, acquisition number, receiving institution, country, and COSE number.

1. Name and address where you wish the permit to be mailed, if different from page 1. If you would like expedited shipping, please enclose a self-addressed, pre-paid, computer-generated, courier service airway bill. If unspecified, all documents will be mailed via regular mail through the U.S. Postal Service.

2. Who should we contact if we have questions about the application (name, phone number, and e-mail)?

3. Disqualification factor. A conviction, or entry of a plea of guilty or nolo contendere, for a felony violation of the Lacey Act, the Migratory Bird Treaty Act, or the Bald and Golden Eagle Protection Act disqualifies any such person from receiving or exercising the privileges of a permit, unless such disqualification has been expressly waived by the Service Director in response to a written petition. (50 CFR 13.21(c)) Have you or any of the owners of the business, if applying as a business, been convicted, or entered a plea of guilty or nolo contendere, forfeited collateral, or are currently under charges for any violations of the laws mentioned above?
