(Bald and Golden Eagle Protection Act, 50 CFR 22.27)**

***Note: A Federal eagle nest take permit authorizes the removal of bald eagle or golden eagle nests for human safety, the safety of eagles, or the public's welfare. Permits are available to individuals, agencies, businesses, and other organizations. This permit does not authorize possession of any eagle or eagle parts including nests or the lethal take of any eagle eggs. Please read "What You Should Know About a Federal Permit for Eagle Nest Removal" and the regulations at 50 CFR 21.27 before you sign and submit your application.***

***Please provide the information requested below on a separate sheet of paper with your responses numbered according to the application questions. You should be as thorough and specific as possible in your responses. Incomplete applications will be returned, delayed or abandoned. Processing time depends on the complexity of the request and completeness of the application.***

***Although you may submit supplemental documents that contain the required information, you must respond to each application requirement below specifically in a single attachment that includes all and only the information required by the application. Enumerate each response in accordance with the question numbers below. Please do not send pages that are over 8.5" x 11" or DVDs.***

1. Provide the name and contact information for any U.S. Fish and Wildlife Service employee(s) who has provided technical assistance or worked with you on this project.
2. Describe the situation that necessitates removal of the eagle nest(s), including:
  - (a) The number of nests proposed to be taken
  - (b) Whether the nest is a bald eagle or golden eagle nest
  - (c) Whether the nest is **in-use or alternate** and how this was determined. (An **in-use nests** nest may only be taken to alleviate an immediate safety emergency. A "safety emergency" means "a situation that necessitates immediate action to alleviate a threat of bodily harm to humans or eagles." An alternate nest is one that is not currently in use by eagles as determined by the absence of any adult, egg, or dependent young at the nest during the 10 days before the nest is taken.)
  - (d) When you propose to take the nest
3. State whether the nest take necessary to alleviate a safety emergency.
  - (a) If it is, provide the following:
    - (1) Describe the safety emergency and why the situation was not foreseeable
    - (2) Explain why removal of the nest is necessary to alleviate it
  - (b) If it is not, provide the following:
    - (1) Explain why removal of the nest(s) is necessary
    - (2) A **calculation of the bald eagle or golden eagle area nesting territory**, including an appropriately scaled map or plat showing the location of each eagle nest used to calculate the area nesting population unless the Service has sufficient data to independently calculate the area nesting population
    - (3) A description of the avoidance, minimization, and mitigation measures you have used to reduce the need to take the nest, to offset the take, or in some situations (see 50 CFR 22.27(b)(7)) to provide a net benefit to eagles
4. If the nest is built on a human-engineered structure, provide the following:
  - (a) a detailed description of the structure and how the nest renders the structure inoperable for its intended use
  - (b) maps, digital photographs and detailed description of the situation
5. Provide a description of the property, including maps and digital photographs that show the location of the nest in relation to buildings, infrastructure, and human activities.
6. Provide the location of the property, including city, county and latitude and longitude geographic coordinates.
7. If the nest will be removed, how will you prevent future nesting on the same structure/in the area?

(Continued)

8. Provide the length of time for which the permit is requested, including beginning and ending dates.
9. When an **in-use** nest must be removed under this permit, any take of nestlings or eggs must be conducted by a Service-approved, qualified, and permitted agent, and all nestlings and viable eggs must be immediately transported to foster/recipient nests or a rehabilitation facility permitted to care for eagles, as directed by the Service. Provide a statement outlining how the eagle's nest will be removed, indicating the intended disposition of the nest, and if **in-use** a description of how the nestlings or eggs will be removed, including the recipient nest(s) or federally permitted rehabilitation facility that is authorized for the possession of live eagle(s) or eggs, and/or eagle nest(s).
10. If the nest will be removed or relocated (rather than destroyed in the course of an activity), provide the name, address, phone number, and e-mail address of the qualified party conducting the removal and/or relocation.
11. You must retain records relating to the activities conducted under your permit for at least 5 years from the date of expiration of the permit. Please provide the address where these records will be kept.
12. **You are responsible for ensuring that the permitted activity is in compliance with all Federal, tribal, State, and local laws and regulations applicable to eagles.** Indicate whether you have obtained all required State or Tribal permits or approvals to conduct this activity.

If you have obtained all required approvals, answer "Yes" and **attach a copy of the approval(s)**.

If you have applied for any required approvals, answer "Have applied" and **send copy when issued**.

If no State or Tribal permits or approvals are required, answer "None required."

13. **Disqualification factor.** A conviction, or entry of a plea of guilty or nolo contendere, for a felony violation of the Lacey Act, the Migratory Bird Treaty Act, or the Bald and Golden Eagle Protection Act disqualifies any such person from receiving or exercising the privileges of a permit, unless such disqualification has been expressly waived by the Service Director in response to a written petition. (50 CFR 13.21(c))

Have you or any of the owners of the business, if applying as a business, been convicted, or entered a plea of guilty or nolo contendere, forfeited collateral, or are currently under charges for any violations of the laws mentioned above? Indicate "Yes" or "No." If you answered "Yes" provide: a) the individual's name, b) date of charge, c) charge(s), d) location of incident, e) court, and f) action taken for each violation.
