**Endangered, Threatened, Proposed, & Candidate Species in
 ADAIR County, Kentucky**

Group	Species	Common name	Legal* Status	Known** Potential	Special Comments
Mammals	<i>Myotis grisescens</i>	gray bat	E	K	
	<i>Myotis sodalis</i>	Indiana bat	E	K	
	<i>Myotis septentrionalis</i>	Northern long-eared bat	P	K	
Mussels	<i>Cyprogenia stegaria</i>	fanshell	E	P	Fanshell mussels may occur within the Green River in Adair County.
	<i>Quardula cylindrica cylindrica</i>	rabbitsfoot	T	K	Rabbitsfoot mussels are known to occur within the Green River in Adair County.

NOTES:

* Key to notations: E = Endangered, T = Threatened, P = Proposed, C = Candidate, CH = Critical Habitat

**Key to notations: K = Known occurrence record within the county, P = Potential for the species to occur within the county based upon historic range, proximity to known occurrence records, biological, and physiographic characteristics.

**Endangered, Threatened, Proposed, & Candidate Species in
 BALLARD County, Kentucky**

Group	Species	Common name	Legal* Status	Known** Potential	Special Comments
Mammals	<i>Myotis sodalis</i>	Indiana bat	E	K	
	<i>Myotis septentrionalis</i>	Northern long-eared bat	P	K	
					These mussel species occur or may occur within the Mississippi and Ohio River watersheds of Ballard County.
Mussels	<i>Plethobasus cooperianus</i>	orangefoot pimpleback	E	K	
	<i>Lampsilis abrupta</i>	pink mucket	E	P	
	<i>Plethobasus cyphus</i>	sheepnose	E	P	
	<i>Pleurobema plenum</i>	rough pigtoe	E	P	
	<i>Potamilus capax</i>	fat pocketbook	E	P	
	<i>Quadrula cylindrica cylindrica</i>	rabbitsfoot	P,CH	P	Critical Habitat designation: Ohio River from the Tennessee River confluence downstream to Lock and Dam 53.
Fishes	<i>Scaphirhynchus albus</i>	pallid sturgeon	E	K	Pallid sturgeon occur within the Mississippi River along Ballard County.
Birds	<i>Haliaeetus leucocephalus</i>	bald eagle	Delisted	K	Bald eagles have recovered and have been delisted, but are still protected under the Bald and Golden Eagle Protection Act and Migratory Bird Treaty Act.
	<i>Sterna antillarum athlassos</i>	interior least tern	E	K	

NOTES:

* Key to notations: E = Endangered, T = Threatened, P = Proposed, C = Candidate, CH = Critical Habitat

**Key to notations: K = Known occurrence record within the county, P = Potential for the species to occur within the county based upon historic range, proximity to known occurrence records, biological, and physiographic characteristics.

**Endangered, Threatened, Proposed, & Candidate Species in
 BARREN County, Kentucky**

Group	Species	Common name	Legal* Status	Known** Potential	Special Comments
Mammals	<i>Myotis grisescens</i>	gray bat	E	K	
	<i>Myotis sodalis</i>	Indiana bat	E	K	
	<i>Myotis septentrionalis</i>	Northern long-eared bat	P	K	
					These mussel species are known to occur or may occur within the Green River watershed of Barren County.
Mussels	<i>Cyprogenia stegaria</i>	fanshell	E	K	
	<i>Plethobasus cyphus</i>	sheepnose	E	P	
	<i>Epioblasma torulosa rangiana</i>	Northern riffleshell	E	K	
	<i>Pleurobema plenum</i>	rough pigtoe	E	K	
	<i>Plethobasus cyphus</i>	sheepnose	E	P	
	<i>Cumberlandia monodonta</i>	spectaclecase	E	P	
	<i>Epioblasma o. obliquata</i>	purple catspaw pearlymussel	E	P	
	<i>Lampsilis abrupta</i>	pink mucket	E	P	
	<i>Obovaria retusa</i>	ring pink	E	P	
	<i>Plethobasus cooperianus</i>	orangefoot pimpleback	E	P	
	<i>Quadrula c. cylindrica</i>	rabbitsfoot	T	K	
	<i>Epioblasma triquetra</i>	snuffbox	E	K	
Plants	<i>Helianthus eggertii</i>	Eggert's sunflower	Delisted	K	Species was de-listed August 18, 2005
Crustaceans	<i>Palaemonias ganteri</i>	Kentucky cave shrimp	E, CH	K	Critical Habitat designation: Roaring River Passage of Mammoth Cave, Mammoth Cave National Park (48 Federal Register 46337-46342, Oct. 1983)

NOTES:

* Key to notations: E = Endangered, T = Threatened, P = Proposed, C = Candidate, CH = Critical Habitat

**Key to notations: K = Known occurrence record within the county, P = Potential for the species to occur within the county based upon historic range, proximity to known occurrence records, biological, and physiographic characteristics.

**Endangered, Threatened, Proposed, & Candidate Species in
 BELL County, Kentucky**

Group	Species	Common name	Legal* Status	Known** Potential	Special Comments
Mammals	<i>Myotis sodalis</i>	Indiana bat	E	K	
	<i>Myotis grisescens</i>	gray bat	E	K	
	<i>Myotis septentrionalis</i>	Northern long-eared bat	P	K	
Mussels	<i>Alasmidonta atropurpurea</i>	Cumberland elktoe	E	P	The Cumberland elktoe occurs within the Upper Cumberland watershed in Bell County.
Fishes	<i>Phoxinus cumberlandensis</i>	blackside dace	T	K	Blackside dace occur within HUCs 0513010101, 0513010102, and 0513010106 in Bell County.
	<i>Etheostoma sagitta</i>	Cumberland arrow darter	C	K	Cumberland arrow darter occur within HUCs 0513010101, 0513010102, and 0513010106 in Bell County.
Insects	<i>Pseudanopthalmus frigidus</i>	icebox cave beetle	C	K	Endemic to Icebox Cave, Bell County

Notes:

* Key to notations: E = Endangered, T = Threatened, P = Proposed, C = Candidate, CH = Critical Habitat

**Key to notations: K = Known occurrence record within the county, P = Potential for the species to occur within the county based upon historic range, proximity to known occurrence records, biological, and physiographic characteristics.

**Endangered, Threatened, Proposed & Candidate Species in
 LAUREL County, Kentucky**

Group	Species	Common name	Legal* Status	Known** Potential	Special Comments
Mammals	<i>Myotis sodalis</i>	Indiana bat	E	P	
	<i>Myotis grisescens</i>	gray bat	E	P	
	<i>Myotis septentrionalis</i>	Northern long-eared bat	P	K	
					These mussel species are known to occur or may occur within the Rockcastle and Upper Cumberland watersheds in Laurel County.
Mussels	<i>Villosa trabilis</i>	Cumberland bean pearlymussel	E	K	
	<i>Alasmidonta atropurpurea</i>	Cumberland elktoe	E, CH	K	Critical Habitat designation in 2004: Sinking Creek, Laurel County (8 RM: mth upstream to mth Laurel Branch) (68 Federal Register 33234-33282).
	<i>Epioblasma brevidens</i>	Cumberlandian combshell	E	K	
	<i>Ptychobranthus subtentum</i>	fluted kidneyshell	P	K	
	<i>Pegias fabula</i>	littlewing pearlymussel	E	K	
Plants	<i>Spiraea virginiana</i>	Virginia spiraea	T	K	
	<i>Platanthera integrilabia</i>	white fringeless orchid	C	K	
Fishes	<i>Phoxinus cumberlandensis</i>	blackside dace	T	K	Blackside dace are only known to occur within Ned Branch in Laurel County.
	<i>Etheostoma sagitta</i>	Cumberland arrow darter	C	P	
Birds	<i>Haliaeetus leucocephalus</i>	bald eagle	Delisted	K	Bald eagles have recovered and have been delisted, but are still protected under the Bald and Golden Eagle Protection Act and Migratory Bird Treaty Act.

NOTES:

* Key to notations: E = Endangered, T = Threatened, P = Proposed, C = Candidate, CH = Critical Habitat

**Key to notations: K = Known occurrence record within the county, P = Potential for the species to occur within the county based upon historic range, proximity to known occurrence records, biological, and physiographic characteristics.
