

Stocking Stuffer for Conservation

What better way to celebrate the spirit of the season than by stuffing holiday stockings with a federal Duck Stamp, \$15, for everyone who values conservation and the National Wildlife Refuge System.

Ninety-eight cents of every Duck Stamp dollar goes to the purchase of Refuge System land. More than 5 million acres of Refuge System land have been conserved with Duck Stamp revenue.

Federal Duck Stamps give visitors free entry into any national wildlife refuge that charges a fee. Collectors often buy both the Federal and Junior (\$5) Duck Stamp because they are beautiful and can go up in value over the years.

Buying a Duck Stamp is easy. Many retail and sporting goods stores that sell hunting and fishing licenses also sell Duck Stamps. Additionally, you can order Duck Stamps online at www.duckstamp.com or by calling 1-800-782-6724. You can also order Duck Stamps from the Postal Service Web site, <http://shop.usps.com>.
