Subject: Re: [SPAM] BS-24 Preliminary Review

Importance: Low

Robin: I can send coordinates of the boundaries; how many do you need for each polygon? We are in very early stages of design so we do not have pipeline corridors designated yet. We will continue to coordinate as the project moves forward, but we wanted your office to review the footprint of the marsh creation and terracing fields first.

Angela,

Please send coordinates of the proposed project boundaries and pipeline locations.

Thanks,

Robin Daigle
