8a will read:

Name: Dee Gilmour
Business: Trophy Consultants International
Address: 4 Josiah Chinamano Road
Belmont, Bulawayo, Zimbabwe

Is this email sufficient, or should I write this info on the actual application and email corrected application to you?

Thanks

Robin

So on 8.a. would it be: Matetsi Safari Area, Unit 4, Matabeleland North, Zimbabwe?

And yes, 71917D is the reference no., just as long as it's in the subject line, which it is.

Hello. I have a couple of (hopefully quick) questions.

RE: 8a: My apologies for misunderstanding the question. The animal is in Zimbabwe and the business who will ship it is in Zimbabwe, not Namibia which is why I put NA. I will add the Zimbabwe info on 8a. FYI – the info will match what I entered on 6g because where it is currently at is the same business that will ship it. Can I add the info to the existing application and email it to you? Or do you need a completely new form?

Finally, I know I sound really stupid, but is # 71917D the number that should be referenced on correspondence?

Thanks
Robin Johnson
