Dear Mr. Hobbs,

Following up on my previous email, I'd like to rescind my reservation of time for an oral presentation and instead submit this written question for the IWCC to address:

Since the March 16, 2018 meeting of the IWCC, have any of the established subcommittees held discussions in person, by phone, or over email? If so, which subcommittees met and what was discussed at those meetings?

Thank you!

Best,

Samantha
