

**LSRCP – Moving Forward.**

# LSRCP Fall Chinook

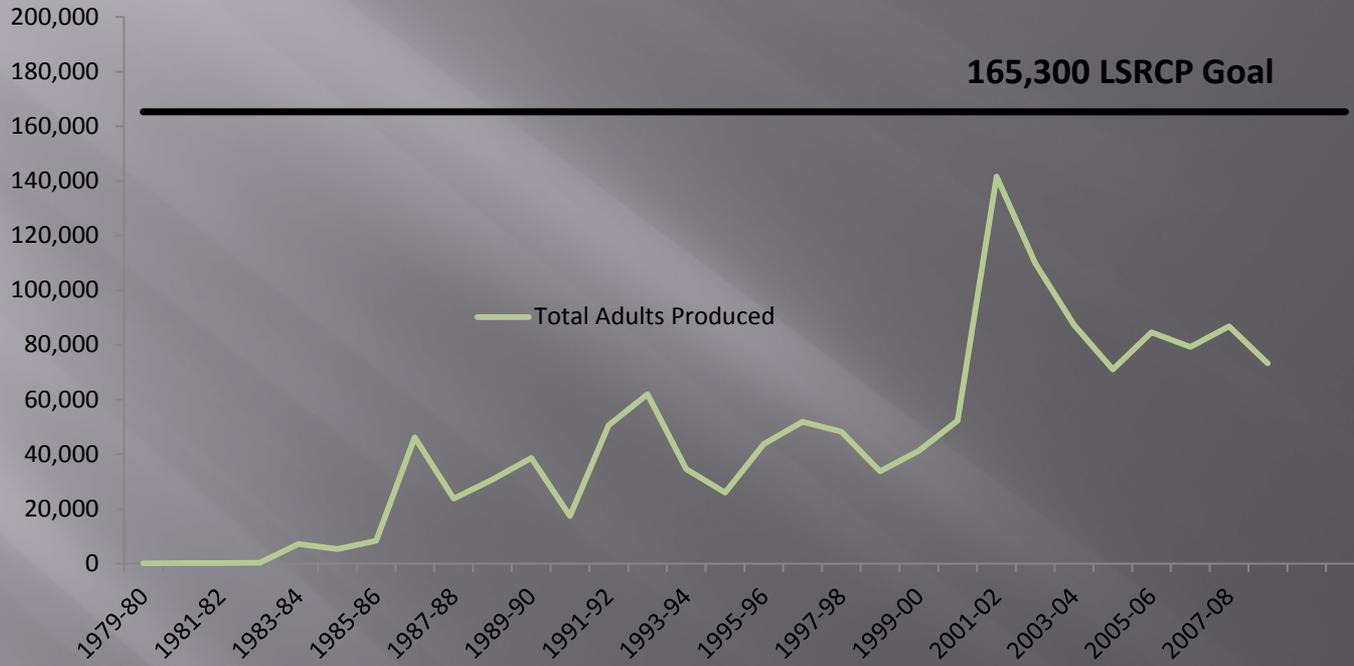

# LSRCP Spring Chinook

**% of LSRCP Adult Goal Achieved**

# LSRCP Steelhead

# Opportunities to get Closer to adult Production Goals

- ▣ Lewiston, 2011 meeting – identify increased production opportunities.
  - Lyons Ferry – combine Wallowa STD into one lake.
  - Circular tanks for Tucannon steelhead.
  - DNFH – unused ponds, system 3.
  - CFH – empty raceways due to lack of water; pumpback reuse systems under discussion.
  - CFH – rear spring chinook in adult ponds (400,000)

# Opportunities to get Closer to adult Production Goals

- ▣ Irrigon, MVFH- Air lift technology.
- ▣ Irrigon - additional oxygen.
- ▣ HNFH - 3 tank circular project (100,000 std smolts)
- ▣ HNFH - Oxygen supplementation (100,000 std smolts).

Other Thoughts  
Production or Increased Survival.
