

## Cerulean Warbler Workshop Agenda

---

### Day 1, Presentations - June 12, 2006

<u>Time</u>	<u>Topic</u>
8:30	Introduction
9:00	Cerulean Warbler Life History (Paul Hamel, USFS)
9:30	BBS Trends (John Sauer, USGS)
10:00	Population Projections (Wayne Thogmartin, USGS)
10:30	Break
10:45	Habitat Selection on the Breeding Grounds (Randy Dettmers, FWS)
11:15	Habitat Correlations on the Breeding Grounds (Wayne Thogmartin, USGS)
11:45	Population and Habitat Distribution in the Non-Breeding Season (Maria Isabel Moreno, Pro Aves Colombia & Paul Hamel, USFS)
12:15	Lunch Break
1:15	Insights from the Past – A Long-Term Perspective on Habitat Change (Steve Morey, facilitation)
1:45	Forest and General Land Use (Mark Nelson, USFS)
2:15	Demographic Analysis – Ontario (Jason Jones, Vassar College)
2:45	Demographic Analysis – Various US Sites (David Buehler, U of TN)
3:15	Break
3:30	Private Forest Management Trends in the U.S. (Pat Keyser, MeadWestvaco)
4:00	Mountain-Top Mining (Cindy Tibbott, FWS)
4:30	Land Use Trends in the US (Brett Butler, USFS)
5:00	Non-Breeding Season Habitat Trends (Maria Isabel Moreno, Pro Aves Colombia)
5:30	Dinner Break
7:00	Environmental Factors (Group Discussion)

## Cerulean Warbler Workshop Agenda

---

### **Day 2, Workshop - June 13, 2006**

<u>Time</u>	<u>Topic</u>
8:00	Introduction
8:15	Historical Population Trends and Abundance Estimates (20 minute break between 9:30 and 10:30)
11:00	Life History
12:00	Lunch
1:00	Cause and Effect Relationships (20 minute break between 2:00 and 3:00)
5:00	Adjourn

### **Day 3, Workshop – June 14, 2006**

<u>Time</u>	<u>Topic</u>
8:00	Review of Day 2
8:15	Projected Population Trends (20 minute break between 9:30 and 10:30)
12:00	Lunch
1:00	Setting Population Goals
2:30	Identify Conservation Actions and Research Needs (20 minute break between 2:00 and 3:00)
5:00	Wrap Up, Adjourn
