RE: ER-04-43 Resource Restoration – Fisheries Habitat Improvement, Tobico Marsh,
Sections 12 & 13, T15N, R4E, Sections 29 & 30, T15N, R5E, Kawkawlin
Township and Bangor Township, Bay County (FWS)

Dear Ms. Williams:

Under the authority of Section 106 of the National Historic Preservation Act of 1966, as amended, we have reviewed the above-cited undertaking at the location noted above. Based on the information provided for our review, it is the opinion of the State Historic Preservation Officer (SHPO) that **no historic properties are affected** within the area of potential effects of this undertaking.

Please be aware that although no historic properties will be affected by this undertaking, the State Archaeologist, Dr. John Halsey, notes that known archaeological resources do exist in the vicinity of the project that were not identified in your project submission. Keep in mind that it is the responsibility of the federal agency or their delegated authority to identify historic properties in area of potential effects. Likewise, for all projects submitted for review under Section 106 you must describe steps taken to identify historic properties, including the level of effort made to carry out such steps.

The views of the public are essential to informed decision making in the Section 106 process. Federal Agency Officials or their delegated authorities must plan to involve the public in a manner that reflects the nature and complexity of the undertaking, its effects on historic properties and other provisions per 36 CFR § 800.2(d). We remind you that Federal Agency Officials or their delegated authorities are required to consult with the appropriate Indian tribe and/or Tribal Historic Preservation Officer (THPO) when the undertaking may occur on or affect any historic properties on tribal lands. **In all cases**, whether the project occurs on tribal lands or not, Federal Agency Officials or their delegated authorities are also required to make a reasonable and good faith effort to identify any Indian tribes or Native Hawaiian organizations that might attach religious and cultural significance to historic properties in the area of potential effects and invite them to be consulting parties per 36 CFR § 800.2(c-f).

This letter evidences the Fish and Wildlife Service's compliance with 36 CFR § 800.4 "Identification of historic properties", and the fulfillment of the Fish and Wildlife Service's responsibility to notify the SHPO, as a consulting party in the Section 106 process, under 36 CFR § 800.4(d)(1) "No historic properties affected".

The State Historic Preservation Office is not the office of record for this undertaking. You are therefore asked to maintain a copy of this letter with your environmental review record for this undertaking. If the scope of work changes in any way, or if artifacts or bones are discovered, please notify this office immediately.

If you have any questions, please contact Brian Grennell, Environmental Review Specialist, at (517) 335-2721 or by email at ER@michigan.gov. **Please reference our project number in all communication with this office regarding this undertaking.** Thank you for this opportunity to review and comment, and for your cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "Martha MacFarlane Faes". The signature is fluid and cursive, with a long, sweeping tail on the final letter.

Martha MacFarlane Faes
Environmental Review Coordinator
