Thanks so much, [REDACTED] I really appreciate it. I had one additional question I thought I'd throw at you. I am helping out with the Refuge on their recommendations for the CapX 2020 powerline. (across the Minnesota in the Belle Plaine to Le Sueur area) I had gone down to the area, and talked to someone ([REDACTED]) about eagle winter roosting/foraging areas. He was very helpful with eagle activity near Henderson Le/Sueur, but wasn't able to tell me a whole lot of information about eagle activity near Belle Plaine. I know there are three nests near Belle Plaine, but I didn't have any info on communal roost sites. I have included a map if that helps. The area [REDACTED] told me about it circled in black. Any info or local birder contacts you could point me to would be much appreciated. Thanks so much - hope I'm not bugging you too much.

Thanks,
Mags
