<b>ES.0 Executive Summary .....</b>	<b>ES-1</b>
ES.1 Introduction .....	ES-1
ES.2 Covered Species .....	ES-2
ES.3 Affected Area .....	ES-2
ES.4 Covered Activities .....	ES-5
ES.5 Purpose and Need .....	ES-5
ES.5.1 Purpose of the Action .....	ES-5
ES.5.2 Need for the Action .....	ES-7
ES.6 Alternatives Evaluated .....	ES-7
ES.6.1 Effects of the Alternatives .....	ES-9
ES.6.2 Comparison of the Alternatives .....	ES-13
ES.7 Coordination with Others .....	ES-17
ES.8 DEIS Release and Public Involvement .....	ES-17
ES.9 FEIS Development .....	ES-18
ES.10 Summary of Revisions to the NFHCP .....	ES-18
Adaptive Management .....	ES-18
Riparian .....	ES-18
Roads .....	ES-19
Administration and Implementation .....	ES-19
<b>1.0 Introduction and Background .....</b>	<b>1-1</b>
1.1 Introduction .....	1-1
1.2 Document Overview .....	1-2
Chapter 1—Introduction and Background .....	1-3
Chapter 2—Environmental Setting .....	1-3
Chapter 3—Alternatives Including the Proposed NFHCP .....	1-3
Chapter 4—Affected Environment and Environmental Consequences .....	1-3
Chapter 5—Comparison of Alternatives and Their Impacts .....	1-5
Chapter 6—Coordination with Others .....	1-5
Remaining Chapters and Appendices .....	1-5
1.3 Proposed Action, Proposed NFHCP, and Decisions Needed .....	1-6
1.3.1 Proposed Action .....	1-6
1.3.2 Proposed NFHCP .....	1-6
Scope of the NFHCP .....	1-6
Geographic Area of Influence .....	1-6
Activities Covered .....	1-9
Species Covered and Habitats Addressed .....	1-10
Listed Species .....	1-10
Bull Trout .....	1-10

<b>Chapter</b>	<b>Page</b>
Snake River Steelhead ESU.....	1-10
Mid-Columbia River Steelhead ESU.....	1-10
Lower Columbia River Steelhead ESU.....	1-10
Snake River Spring/Summer Chinook Salmon ESU.....	1-10
Snake River Fall Chinook Salmon ESU.....	1-11
Lower Columbia River Chinook Salmon ESU.....	1-11
Columbia River Chum Salmon ESU.....	1-11
Unlisted Species.....	1-11
Habitats.....	1-11
Permit Period.....	1-12
1.3.3 Decisions Needed.....	1-12
1.4 Purpose and Need.....	1-13
1.4.1 Purpose of the Action.....	1-13
1.4.2 Need for the Action.....	1-14
1.4.3 Context of the Action.....	1-14
1.5 Regulatory and Planning Framework.....	1-17
1.5.1 Federal Regulations.....	1-17
Endangered Species Act.....	1-17
No Surprises.....	1-19
Implementing Agreement.....	1-19
Habitat Conservation Planning Handbook.....	1-20
Bull Trout Interim Conservation Guidance.....	1-20
Steelhead and Chinook Salmon Recovery Plans.....	1-21
National Environmental Policy Act.....	1-23
Clean Water Act.....	1-24
Clean Air Act.....	1-25
National Historic Preservation Act.....	1-25
Tribal Trust.....	1-26
1.5.2 State Regulations.....	1-27
Montana.....	1-27
Montana Best Management Practices for Forestry.....	1-27
Montana Streamside Management Zone Act.....	1-27
Montana Bull Trout Restoration Plan.....	1-28
Idaho.....	1-28
Idaho Forest Practices Act.....	1-28
Idaho Bull Trout Plan.....	1-28
Washington.....	1-29
Washington Forest Practices Act.....	1-29
Washington Forestry and Fish (formerly Timber, Fish, and Wildlife) Agreement.....	1-29
1.5.3 Aquatic Habitat Protection Programs.....	1-30
Forest Service.....	1-30
Aquatic Conservation Strategies.....	1-31

<b>Chapter</b>	<b>Page</b>
Northwest Forest Plan.....	1-31
Riparian Reserves.....	1-31
Key Watersheds.....	1-31
Watershed Analysis.....	1-32
Watershed Restoration.....	1-32
Pacific Anadromous Fish Strategy (PACFISH).....	1-32
Inland Native Fish Strategy.....	1-32
Interior Columbia Basin Ecosystem Management Project.....	1-32
Road Building Moratorium.....	1-33
Best Management Practices.....	1-33
Project-Level Environmental Review.....	1-33
Plum Creek.....	1-33
Environmental Principles.....	1-33
Sustainable Forestry Initiative.....	1-34
Watershed Analysis.....	1-34
Pilot Landscape Management Projects.....	1-35
Grazing Best Management Practices.....	1-35
Road Management Policy.....	1-35
Land Use Planning.....	1-36
Swan Valley Grizzly Bear Conservation Agreement.....	1-37
Cascades Habitat Conservation Plan.....	1-37
1.6 Public Information and Involvement.....	1-38
1.6.1 Summary of Actions and Events.....	1-38
1.6.2 NEPA Pre-Scoping and Scoping Meetings.....	1-39
1.6.3 Issues Identified during Public Scoping.....	1-41
1.6.4 Consultation Following Public Scoping Meetings.....	1-42
<b>2.0 Environmental Setting.....</b>	<b>2-1</b>
2.1 Collection and Synthesis of Data.....	2-1
2.1.1 Data Sources.....	2-1
Plum Creek Technical Reports and White Papers.....	2-1
Technical Report #1—Implementation of a Method to Detect the Presence of Bull Trout.....	2-2
Technical Report #2—Factors Affecting the Distribution and Abundance of Bull Trout: An Investigation at Hierarchical Scales.....	2-2
Technical Report #3—Surface Erosion and Mass Wasting Assessment and Management Strategies for Plum Creek’s Native Fish Habitat Conservation Plan.....	2-2
Technical Report #4—An Ecological Classification Integrating Uplands and Riverine/Riparian Habitats Applied to the Thompson River Basin, Montana.....	2-2
Technical Report #5—Goat and Piper Creeks Watershed Analysis.....	2-2

<b>Chapter</b>	<b>Page</b>
Technical Report #6—Summary of Regulatory and Voluntary Programs for Protecting Bull Trout on Forest Lands within Plum Creek’s Aquatic Habitat Conservation Planning Area. ....	2-3
Technical Report #7—Design of Effective Riparian Management Strategies for Aquatic Resource Protection in Montana, Idaho, and Washington. ....	2-3
Technical Report #8—Synthesis of Watershed Analysis and Ecoclassification at a River-Basin Scale for the Conservation and Management of Aquatic Ecosystems. ....	2-3
Technical Report #9—Swan River Basin Ecological Classification. ....	2-4
Technical Report #10—Thompson River Basin Ecological Classification. ....	2-4
Technical Report #11—Thompson Watershed Analyses: Beatrice Creek, Boiling Springs Creek, Murr Creek. ....	2-4
Technical Report #12—Stream Temperature Considerations in the Development of Plum Creek’s Native Fish Habitat Conservation Plan. ....	2-4
Technical Report #13—Adaptive Management: Concepts and Applications to Plum Creek’s Native Fish Habitat Conservation Plan. ....	2-4
White Paper—Plum Creek Timber Company Higher and Better Use Lands and Implications for Native Fish Conservation. ....	2-4
White Paper—Livestock Grazing on Plum Creek Timber Company Land in the Native Fish Habitat Conservation Planning Area. ....	2-5
White Paper—Thompson River Riparian Reconnaissance and Monitoring. ....	2-5
White Paper—Grazing Best Management Practices. ....	2-5
Interior Columbia Basin Ecosystem Management Plan Documents .....	2-5
Other Data Sources .....	2-5
2.1.2 Geographic Information System .....	2-6
2.2 Land Ownership and Planning Area Basins .....	2-6
2.2.1 Plum Creek and Adjacent Lands. ....	2-6
2.2.2 Planning Area Basins .....	2-7
2.3 Land Management within the Planning Area .....	2-7
2.3.1 Plum Creek’s Land Management. ....	2-7
Ownership .....	2-11
Activities to be Covered under the Permit .....	2-11
Commercial Forestry and Associated Activities. ....	2-12
Tree Planting. ....	2-12
Site Preparation. ....	2-12
Prescribed Burning. ....	2-13
Timber Harvest. ....	2-14
Stand Maintenance. ....	2-15

<b>Chapter</b>	<b>Page</b>
Forest Nurseries and Seed Orchards.....	2-15
Logging Road Construction.....	2-15
Logging Road Maintenance.....	2-16
Gravel Quarrying for Roads.....	2-16
Other Forestry Activities .....	2-16
Forest Fire Suppression.....	2-16
Open Range Cattle Grazing.....	2-17
Miscellaneous Forest and Land Product Sales.....	2-17
Conservation Activities.....	2-17
Non-Forestry Activities and Special Forest Uses.....	2-18
Commercial Outfitting.....	2-18
Recreation and Other Special Forest Uses.....	2-18
Electronic Facility Sites.....	2-18
Manufacturing of Forest Products.....	2-18
Tier 1 Watersheds and Tier 2 Lands.....	2-20
Tier 1 Watersheds.....	2-20
Tier 2 Lands.....	2-20
2.3.2 Adjacent Federal Land Management.....	2-22
Primary Assumptions for Federal Land Management.....	2-22
Purpose and Function of LRMPs.....	2-25
PACFISH and INFISH Implementation.....	2-25
2.3.3 Adjacent State Lands Management .....	2-26
Montana Current Management Practices.....	2-26
Idaho Current Management Practices.....	2-27
Washington Current Management Practices.....	2-28
2.3.4 Adjacent Private Lands Management.....	2-28
2.3.5 Adjacent Tribal Lands Management.....	2-30
2.4 Climate.....	2-30
<b>3.0 Alternatives Including the Proposed NFHCP .....</b>	<b>3-1</b>
3.1 Introduction.....	3-1
3.1.1 How the Alternatives were Developed.....	3-1
3.1.2 Alternatives Considered but not Selected for Further Analysis.....	3-5
Alternatives Considered by Plum Creek for the HCP .....	3-5
Alternatives Considered by the Services for the EIS.....	3-6
3.1.3 Overview of Alternatives Selected for Detailed Analysis.....	3-7
Existing Regulations—No Action Alternative .....	3-7
Plum Creek’s Native Fish Habitat Conservation Plan (NFHCP)—	
Proposed NFHCP.....	3-8
Internal Bull Trout Conservation Plan Alternative.....	3-9
Simplified Prescriptions Alternative.....	3-10
3.2 Conservation Categories.....	3-10
3.2.1 General.....	3-10

<b>Chapter</b>	<b>Page</b>
3.2.2 Environmental Principles.....	3-11
3.2.3 Forest Road and Upland Management.....	3-12
3.2.4 Riparian Management.....	3-13
3.2.5 Range Management.....	3-13
3.2.6 Land Use Planning.....	3-13
3.2.7 Legacy and Restoration.....	3-14
3.2.8 Administration and Implementation.....	3-14
3.2.9 Adaptive Management and Monitoring.....	3-14
3.3 Descriptions of the Proposed NFHCP and Alternatives.....	3-16
3.3.1 Existing Regulations—No Action Alternative.....	3-16
Conservation Measures in Existing Federal and State Laws, Rules, and BMPs.....	3-36
Environmental Principles.....	3-36
Forest Road and Upland Management.....	3-37
Riparian Management.....	3-39
Range Management.....	3-41
Land Use Planning.....	3-41
Legacy and Restoration.....	3-43
Administration and Implementation.....	3-43
Adaptive Management and Monitoring.....	3-43
3.3.2 Plum Creek’s NFHCP.....	3-44
3.3.3 Internal Bull Trout Conservation Plan Alternative.....	3-44
Conservation Measures of the Internal Bull Trout Conservation Plan Alternative.....	3-45
Environmental Principles.....	3-45
Forest Road and Upland Management.....	3-45
Riparian Management.....	3-46
Range Management.....	3-47
Land Use Planning.....	3-47
Legacy and Restoration.....	3-48
Administration and Implementation.....	3-48
Adaptive Management and Monitoring.....	3-48
3.3.4 Simplified Prescriptions Alternative.....	3-49
Conservation Measures of the Simplified Prescriptions Alternative.....	3-50
Environmental Principles.....	3-50
Forest Road and Upland Management.....	3-50
Riparian Management.....	3-51
Range Management.....	3-51
Land Use Planning.....	3-51
Legacy and Restoration.....	3-51
Administration and Implementation.....	3-52
Adaptive Management and Monitoring.....	3-52

Chapter	Page
<b>4.0 Affected Environment and Environmental Consequences .....</b>	<b>4-1</b>
4.1 Introduction.....	4-1
4.1.1 Cumulative Effects.....	4-5
4.2 Geology and Soils.....	4-6
4.2.1 Introduction.....	4-6
4.2.2 Issues Eliminated from Further Analysis.....	4-6
4.2.3 Issues Addressed in the Impact Analysis.....	4-6
4.2.4 Description of Area of Influence .....	4-6
4.2.5 Affected Environment.....	4-7
Geologic Districts .....	4-7
Soils .....	4-7
Geomorphic Processes Delivering Sediment to Streams.....	4-8
Soil Productivity .....	4-8
4.2.6 Environmental Consequences.....	4-9
Existing Regulations—No Action Alternative .....	4-9
Trends and Future Conditions.....	4-9
Plum Creek’s Proposed NFHCP.....	4-13
Impacts.....	4-13
Optional 10- and 20-Year Permit Lengths.....	4-14
Mitigation.....	4-14
Unavoidable Adverse Impacts.....	4-14
Cumulative Impacts.....	4-15
Internal Bull Trout Conservation Plan Alternative.....	4-15
Impacts.....	4-15
Optional 10- and 20-Year Permit Lengths.....	4-16
Mitigation.....	4-16
Unavoidable Adverse Impacts.....	4-16
Cumulative Impacts.....	4-16
Simplified Prescriptions.....	4-16
Impacts.....	4-16
Optional 10- and 20-Year Permit Lengths.....	4-17
Mitigation.....	4-17
Unavoidable Adverse Impacts.....	4-17
Cumulative Impacts.....	4-17
4.3 Water Resources and Hydrology.....	4-17
4.3.1 Introduction.....	4-17
4.3.2 Issues Eliminated from Further Analysis.....	4-17
4.3.3 Issues Addressed in the Impact Analysis.....	4-17
4.3.4 Description of Area of Influence .....	4-18
4.3.5 Affected Environment.....	4-18
4.3.6 Environmental Consequences.....	4-21
Existing Regulations—No Action Alternative .....	4-21
Trends and Future Conditions.....	4-21

<b>Chapter</b>	<b>Page</b>
Plum Creek’s Proposed NFHCP .....	4-22
Optional 10- and 20-Year Permit Lengths.....	4-25
Internal Bull Trout Conservation Plan Alternative.....	4-25
Optional 10- and 20-Year Permit Lengths.....	4-25
Simplified Prescriptions Alternative.....	4-26
Optional 10- and 20-Year Permit Lengths.....	4-26
4.4 Water Quality and Contaminants.....	4-26
4.4.1 Introduction.....	4-26
4.4.2 Issues Eliminated from Further Analysis.....	4-26
4.4.3 Issues Addressed in the Impact Analysis.....	4-26
4.4.4 Description of Area of Influence .....	4-27
4.4.5 Affected Environment.....	4-27
4.4.6 Environmental Consequences.....	4-32
Existing Regulations—No Action Alternative .....	4-32
Trends and Future Conditions.....	4-32
Plum Creek’s Proposed NFHCP .....	4-36
Optional 10- and 20-Year Permit Lengths.....	4-38
Internal Bull Trout Conservation Plan Alternative.....	4-38
Optional 10- and 20-Year Permit Lengths.....	4-39
Simplified Prescriptions Alternative.....	4-39
Optional 10- and 20-Year Permit Lengths.....	4-40
4.5 Vegetation Resources .....	4-40
4.5.1 Introduction.....	4-40
4.5.2 Issues Eliminated from Further Analysis.....	4-41
4.5.3 Issues Addressed in the Impact Analysis.....	4-41
4.5.4 Description of Area of Influence .....	4-41
4.5.5 Affected Environment.....	4-42
Riparian Vegetation Structure.....	4-42
Forest Stand Types.....	4-42
Interior Columbia River Basin.....	4-42
Western Washington.....	4-42
Riparian Vegetation Composition.....	4-46
Ecological Processes of Riparian Areas.....	4-46
Riparian Forest Health.....	4-47
Endangered, Threatened, and Sensitive Vegetation .....	4-49
Plants Listed Federally as Threatened.....	4-49
Macfarlane’s four o’clock.....	4-49
Ute ladies’-tresses.....	4-51
Water howellia.....	4-51
Plant Species of Federal Concern.....	4-52
Bartonberry.....	4-52
Broad-fruit mariposa.....	4-52
Clustered Lady’s Slipper.....	4-52

<b>Chapter</b>	<b>Page</b>
Hapeman’s sullivania.....	4-52
Hazel’s prickly phlox.....	4-52
Howell’s gumweed.....	4-52
Idaho douglasia.....	4-53
Jessica’s aster.....	4-53
Palouse goldenweed.....	4-53
Payson’s milkvetch.....	4-53
Salmon River fleabane.....	4-53
Spalding’s silene.....	4-53
Tobia’s saxifrage.....	4-53
Triangular-lobed moonwort.....	4-54
4.5.6 Environmental Consequences.....	4-54
Existing Regulations—No Action Alternative.....	4-55
Trends and Future Conditions.....	4-55
Vegetation Structure.....	4-55
Vegetation Composition.....	4-56
Endangered, Threatened, and Sensitive Vegetation.....	4-57
Plum Creek’s Proposed NFHCP.....	4-57
Impacts.....	4-57
Vegetation Structure.....	4-58
Vegetation Composition.....	4-59
Endangered, Threatened, and Sensitive Vegetation.....	4-59
Optional 10- and 20-Year Permit Lengths.....	4-60
Mitigation.....	4-60
Unavoidable Adverse Impacts.....	4-60
Cumulative Impacts.....	4-60
Internal Bull Trout Conservation Plan Alternative.....	4-61
Impacts.....	4-61
Vegetation Structure.....	4-61
Vegetation Composition.....	4-62
Endangered, Threatened, and Sensitive Vegetation.....	4-62
Optional 10- and 20-Year Permit Lengths.....	4-63
Mitigation.....	4-63
Unavoidable Adverse Impacts.....	4-63
Cumulative Impacts.....	4-63
Simplified Prescriptions Alternative.....	4-63
Impacts.....	4-63
Vegetation Structure.....	4-63
Vegetation Composition.....	4-64
Endangered, Threatened, and Sensitive Vegetation.....	4-65
Optional 10- and 20-Year Permit Lengths.....	4-65
Mitigation.....	4-65
Unavoidable Adverse Impacts.....	4-65

<b>Chapter</b>	<b>Page</b>
Cumulative Impacts .....	4-65
4.6 Fisheries and Aquatic Resources .....	4-66
4.6.1 Introduction.....	4-66
4.6.2 Issues Eliminated from Further Analysis.....	4-66
4.6.3 Issues Addressed in the Impact Analysis.....	4-68
4.6.4 Description of Area of Influence .....	4-69
4.6.5 Affected Environment.....	4-75
Permit Species.....	4-75
General Information.....	4-76
Distribution.....	4-76
Status of Populations.....	4-76
Life History and Habitat Requirements.....	4-76
Factors Affecting Populations.....	4-77
Bull Trout.....	4-78
Bull Trout Distribution.....	4-78
Status of Bull Trout Populations.....	4-78
Bull Trout Life History and Habitat Requirements.....	4-83
Factors Affecting Bull Trout Populations.....	4-88
Steelhead.....	4-93
Steelhead Distribution.....	4-93
Status of Steelhead Populations.....	4-97
Steelhead Life History and Habitat Requirements.....	4-97
Factors Affecting Steelhead Populations.....	4-98
Westslope Cutthroat Trout.....	4-98
Westslope Cutthroat Trout Distribution.....	4-98
Status of Westslope Cutthroat Trout Populations.....	4-99
Westslope Cutthroat Trout Life History and Habitat Requirements.....	4-99
Factors Affecting Westslope Cutthroat Trout Populations.....	4-103
Coastal Cutthroat Trout.....	4-103
Coastal Cutthroat Trout Distribution.....	4-103
Status of Coastal Cutthroat Trout Populations.....	4-105
Coastal Cutthroat Trout Life History and Habitat Requirements.....	4-105
Factors Affecting Coastal Cutthroat Trout Populations.....	4-106
Redband Trout.....	4-106
Redband Trout Distribution.....	4-106
Status of Redband Trout Populations.....	4-107
Redband Trout Life History and Habitat Requirements.....	4-107
Factors Affecting Redband Trout Populations.....	4-108
Coastal Rainbow Trout.....	4-108
Coastal Rainbow Trout Distribution.....	4-108
Status of Coastal Rainbow Trout Populations.....	4-108

<b>Chapter</b>	<b>Page</b>
Coastal Rainbow Trout Life History and Habitat Requirements. ....	4-108
Factors Affecting Coastal Rainbow Trout Populations. ....	4-108
Chinook Salmon.....	4-108
Chinook Salmon Distribution. ....	4-111
Status of Chinook Salmon Populations. ....	4-112
Chinook Salmon Life History and Habitat Requirements. ....	4-112
Factors Affecting Chinook Salmon Populations. ....	4-115
Chum Salmon.....	4-116
Chum Salmon Distribution. ....	4-116
Status of Chum Salmon Populations. ....	4-116
Chum Salmon Life History and Habitat Requirements. ....	4-116
Factors Affecting Chum Salmon Populations.....	4-116
Coho Salmon.....	4-119
Coho Salmon Distribution. ....	4-119
Status of Coho Salmon Populations.....	4-119
Coho Salmon Life History and Habitat Requirements. ....	4-119
Factors Affecting Coho Salmon Populations.....	4-119
Mountain Whitefish. ....	4-120
Mountain Whitefish Distribution.....	4-120
Status of Mountain Whitefish Populations. ....	4-120
Mountain Whitefish Life History and Habitat Requirements.....	4-120
Factors Affecting Mountain Whitefish Populations. ....	4-120
Pygmy Whitefish. ....	4-121
Pygmy Whitefish Distribution. ....	4-121
Status of Pygmy Whitefish Populations. ....	4-121
Pygmy Whitefish Life History and Habitat Requirements. ....	4-121
Factors Affecting Pygmy Whitefish Populations. ....	4-121
Endangered, Threatened, and Special Status Species.....	4-121
Sockeye salmon ( <i>Oncorhynchus nerka</i> )—Endangered. ....	4-122
White sturgeon ( <i>Acipenser transmontanus</i> ): Kootenai River Population—Endangered. ....	4-122
White sturgeon ( <i>Acipenser transmontanus</i> ): Snake River Population—Species of Concern. ....	4-123
Pacific lamprey ( <i>Lampetra tridentata</i> )—Species of Concern. ....	4-123
River lamprey ( <i>Lampetra ayresi</i> )—Species of Concern. ....	4-123
Columbia pebblesnail ( <i>Fluminicola columbiana</i> )—Species of Concern. ....	4-123
Other Aquatic Resources .....	4-124
Ecological Implications of Land Management Activities on Aquatic Habitat and Fish.....	4-124
Background.....	4-124
Management of Aquatic Habitat.....	4-126

<b>Chapter</b>	<b>Page</b>
Historical Management.....	4-126
Forested Landscapes: Functions and Disturbances.....	4-127
Natural Variation of Ecological Functions.....	4-127
Landscape Disturbances.....	4-127
The NFHCP Biological Goals: The Four C’s.....	4-128
Land Management Activities and Ecological Implications.....	4-129
Roads.....	4-129
Road Effects on Clean Habitat.....	4-129
Surface Erosion and Mass Wasting Process.....	4-130
Hot Spots.....	4-134
Road Effects on Connected Habitat.....	4-135
Forest Management.....	4-135
Forest Management Effects on Complex Habitat.....	4-136
Forest Management Effects on Cold Water Habitat.....	4-139
Forest Management Effects on Clean Habitat.....	4-141
Grazing.....	4-142
Agriculture.....	4-143
Water Diversion and Storage.....	4-144
Fire Management.....	4-145
Mining.....	4-146
Recreation and Fishing.....	4-146
Introduction of Non-Native Fish Species.....	4-147
Legal Fishing.....	4-147
Illegal Fishing.....	4-148
Foot Traffic.....	4-148
Off-Road Use of Recreational Vehicles.....	4-148
Land Development.....	4-148
4.6.6 Environmental Consequences.....	4-149
Existing Regulations—No Action Alternative.....	4-156
Clean Water (No Action Alternative).....	4-156
Cold Water (No Action Alternative).....	4-165
Complex Habitat (No Action Alternative).....	4-167
Connected Habitat (No Action Alternative).....	4-168
Other Factors (No Action Alternative).....	4-169
Summary of Effects (No Action Alternative).....	4-169
Plum Creek’s Proposed NFHCP.....	4-170
Clean Water (Proposed NFHCP).....	4-170
Cold Water (Proposed NFHCP).....	4-183
Complex Habitat (Proposed NFHCP).....	4-186
Connected Habitat (Proposed NFHCP).....	4-189
Adaptive Management (Proposed NFHCP).....	4-190
Other Factors (Proposed NFHCP).....	4-193
Summary of Effects (Proposed NFHCP).....	4-197

<b>Chapter</b>	<b>Page</b>
Optional 10- and 20-Year Permit Lengths (Proposed NFHCP) .....	4-199
Mitigation (Proposed NFHCP) .....	4-199
Administration and Implementation .....	4-199
Roads.....	4-200
Riparian.....	4-200
Range Management .....	4-201
Legacy and Restoration.....	4-201
Land Use Planning .....	4-201
Other Covered Activities .....	4-203
Pay-as-You-Go .....	4-203
Unavoidable Adverse Impacts (Proposed NFHCP).....	4-204
Cumulative Impacts (Proposed NFHCP).....	4-204
Allowing for Recovery .....	4-204
Internal Bull Trout Conservation Plan Alternative.....	4-207
Clean Water (Internal Bull Trout Conservation Plan) .....	4-207
Cold Water (Internal Bull Trout Conservation Plan).....	4-210
Complex Habitat (Internal Bull Trout Conservation Plan).....	4-210
Connected Habitat (Internal Bull Trout Conservation Plan) .....	4-210
Other Factors (Internal Bull Trout Conservation Plan) .....	4-211
Summary of Effects (Internal Bull Trout Conservation Plan).....	4-211
Optional 10- and 20-Year Permit Lengths (Internal Bull Trout Conservation Plan).....	4-211
Mitigation (Internal Bull Trout Conservation Plan) .....	4-212
Unavoidable Adverse Impacts (Internal Bull Trout Conservation Plan) .....	4-212
Cumulative Impacts (Internal Bull Trout Conservation Plan).....	4-212
Simplified Prescriptions Alternative.....	4-212
Clean Water (Simplified Prescriptions).....	4-212
Cold Water (Simplified Prescriptions).....	4-214
Complex Habitat (Simplified Prescriptions).....	4-215
Connected Habitat (Simplified Prescriptions) .....	4-216
Other Factors (Simplified Prescriptions) .....	4-217
Summary of Effects (Simplified Prescriptions).....	4-217
Optional 10- and 20-Year Permit Lengths (Simplified Prescriptions) .....	4-218
Mitigation (Simplified Prescriptions) .....	4-218
Unavoidable Adverse Impacts (Simplified Prescriptions).....	4-218
Cumulative Impacts (Simplified Prescriptions).....	4-218
4.7 Wildlife Resources.....	4-219
4.7.1 Introduction.....	4-219
4.7.2 Issues Eliminated from Further Analysis.....	4-219
4.7.3 Issues Addressed in the Impact Analysis.....	4-219
4.7.4. Description of Area of Influence .....	4-219

Chapter	Page
4.7.5 Affected Environment.....	4-220
Wildlife Lifeform Types .....	4-221
Lifeform 1: Fish.....	4-222
Lifeform 2: Frogs and salamanders.....	4-222
Lifeform 3: Ducks and turtles.....	4-222
Lifeform 4: Goats and falcons.....	4-223
Lifeform 5: Grouse and elk.....	4-223
Lifeform 6: Warblers and porcupines.....	4-223
Lifeform 7: Sparrows and thrushes.....	4-223
Lifeform 8: Warblers and flycatchers.....	4-223
Lifeform 9: Waxwings and grosbeaks.....	4-223
Lifeform 10: Squirrels and tanagers.....	4-223
Lifeform 11: Vireos and hawks.....	4-223
Lifeform 12: Herons and eagles.....	4-224
Lifeform 13: Woodpeckers.....	4-224
Lifeform 14: Bats and owls.....	4-224
Lifeform 15: Shrews and voles.....	4-224
Lifeform 16: Kingfishers and beavers.....	4-224
Special Emphasis Wildlife Species.....	4-224
Federally Protected Species.....	4-224
Gray wolf ( <i>Canis lupis</i> )—Endangered.....	4-224
Selkirk Mountains woodland caribou ( <i>Rangifer tarandus caribou</i> )—Endangered.....	4-225
Whooping crane ( <i>Grus americana</i> )—Endangered.....	4-225
Marbled murrelet ( <i>Brachyramphus marmoratus marmoratus</i> )—Endangered.....	4-225
Grizzly bear ( <i>Ursus arctos horribilis</i> )—Threatened.....	4-226
Bald eagle ( <i>Haliaeetus leucocephalus</i> )—Threatened.....	4-227
Northern spotted owl ( <i>Strix occidentalis caurina</i> )—Threatened.....	4-228
Lynx ( <i>Felis lynx canadensis</i> )—Threatened.....	4-229
Species Proposed for Listing.....	4-229
Wildlife Species of Concern.....	4-229
Pygmy shrew ( <i>Sorex hoyi</i> ).....	4-229
Myotis bat species: California myotis ( <i>M. californicus</i> ); Long-eared myotis ( <i>M. evotis</i> ); Small-footed myotis ( <i>M. cilolabrum</i> ); Fringed myotis ( <i>M. thysanodes</i> ); Long-legged myotis ( <i>M. volans</i> ); and Yuma myotis ( <i>M. yumanensis</i> ).....	4-229
Townsend’s big-eared bat ( <i>Plecotus townsendii</i> ).....	4-230
Wolverine ( <i>Gulo gulo luteus</i> ).....	4-230
Pacific fisher ( <i>Martes pennanti</i> ).....	4-230
Harlequin duck ( <i>Histrionicus histrionicus</i> ).....	4-231
Northern goshawk ( <i>Accipiter gentilis</i> ).....	4-231

Chapter	Page
Mountain quail ( <i>Oreortyx pictus</i> ).....	4-231
Upland sandpiper ( <i>Bartramia longicauda</i> ).....	4-232
Long-billed curlew ( <i>Numenius americanus</i> ).....	4-232
Black tern ( <i>Chlidonias niger</i> ).....	4-232
Flammulated owl ( <i>Otus flammeolus</i> ).....	4-232
Northern pygmy-owl ( <i>Glaucidium gnoma</i> ).....	4-233
Great gray owl ( <i>Strix nebulosa</i> ).....	4-233
Boreal owl ( <i>Aegolius funereus</i> ).....	4-233
White-headed woodpecker ( <i>Picoides albolarvatus</i> ).....	4-233
Black-backed woodpecker ( <i>Picoides arcticus</i> ).....	4-233
Three-toed woodpecker ( <i>Picoides tridactylus</i> ).....	4-234
Olive-sided flycatcher ( <i>Contopus borealis</i> ).....	4-234
Little willow flycatcher ( <i>Empidonax trailii brewsteri</i> ).....	4-234
Pygmy nuthatch ( <i>Sitta pygmaea</i> ).....	4-234
Loggerhead shrike ( <i>Lanius ludovicianus</i> ).....	4-235
Northern alligator lizard ( <i>Elgaria coerulea</i> ).....	4-235
Ringneck snake ( <i>Diadophis punctatus</i> ).....	4-235
Coeur d'Alene salamander ( <i>Plethodon idahoensis</i> ).....	4-235
Larch mountain salamander ( <i>Plethodon larselli</i> ).....	4-236
Tailed frog ( <i>Ascaphus truei</i> ).....	4-236
Spotted frog ( <i>Rana pretiosa</i> ).....	4-236
Cascades frog ( <i>Rana cascadae</i> ).....	4-236
Idaho banded mountainsnail ( <i>Oreohelix idahoensis</i> ).....	4-237
Boulder pile mountainsnail ( <i>Oreohelix jugalis</i> ).....	4-237
Whorled mountainsnail ( <i>Oreohelix vortex</i> ).....	4-237
Lava rock mountainsnail ( <i>Oreohelix waltoni</i> ).....	4-237
Carinated striate banded mountainsnail ( <i>Oreohelix strigosa goniogyra</i> ).....	4-237
4.7.6 Environmental Consequences.....	4-238
Existing Regulations—No Action Alternative.....	4-238
Wildlife Lifeform Types.....	4-239
Lifeform 2—Frogs and salamanders.....	4-239
Lifeform 3—Ducks and turtles.....	4-239
Lifeform 5—Grouse and elk.....	4-239
Lifeform 6—Warblers and porcupines.....	4-240
Lifeform 7—Sparrows and thrushes.....	4-240
Lifeform 9—Waxwings and grosbeaks.....	4-240
Lifeform 12—Hérons and eagles.....	4-240
Lifeform 14—Bats and owls.....	4-240
Lifeform 16—Kingfishers and beavers.....	4-240
Special Emphasis Wildlife Species—Protected Species.....	4-241
Gray Wolf ( <i>Canis lupis</i> )—Endangered.....	4-241
Grizzly Bear ( <i>Ursus arctos horribilis</i> )—Threatened.....	4-241

Chapter	Page
Bald eagle ( <i>Haliaeetus leucocephalus</i> )—Threatened.....	4-242
Northern spotted owl ( <i>Strix occidentalis caurina</i> )— Threatened.....	4-243
Lynx ( <i>Felis lynx canadensis</i> )—Threatened.....	4-243
Sensitive Species.....	4-244
Myotis bats ( <i>Myotis</i> spp.).....	4-244
Pacific fisher ( <i>Martes pennanti pacifica</i> ).....	4-244
Harlequin duck ( <i>Histrionicus histrionicus</i> ).....	4-244
Little willow flycatcher ( <i>Empidonax trailii brewsteri</i> ).....	4-244
Tailed frog ( <i>Ascaphus truei</i> ).....	4-244
Spotted frog ( <i>Rana pretiosa</i> ).....	4-244
Cascades frog ( <i>Rana cascadae</i> ).....	4-244
Summary.....	4-244
Plum Creek’s Proposed NFHCP.....	4-245
Wildlife Lifeform Types.....	4-245
Optional 10- and 20-Year Permit Lengths.....	4-247
Special Emphasis Wildlife Species—Protected Species.....	4-247
Gray Wolf ( <i>Canis lupis</i> )—Endangered.....	4-247
Grizzly Bear ( <i>Ursus arctos horribilis</i> )—Threatened.....	4-248
Bald eagle ( <i>Haliaeetus leucocephalus</i> ).....	4-248
Northern spotted owl ( <i>Strix occidentalis caurina</i> ).....	4-249
Proposed for Listing.....	4-249
Lynx ( <i>Felis lynx canadensis</i> )—Proposed Threatened.....	4-249
Sensitive Species.....	4-249
Myotis bats ( <i>Myotis</i> spp.).....	4-249
Pacific fisher ( <i>Martes pennanti pacifica</i> ).....	4-250
Harlequin duck ( <i>Histrionicus histrionicus</i> ).....	4-250
Little willow flycatcher ( <i>Empidonax trailii brewsteri</i> ).....	4-250
Tailed frog ( <i>Ascaphus truei</i> ).....	4-250
Spotted frog ( <i>Rana pretiosa</i> ).....	4-250
Cascades frog ( <i>Rana cascadae</i> ).....	4-250
Mitigation.....	4-251
Gray wolf ( <i>Canis lupis</i> ).....	4-251
Grizzly bear ( <i>Ursus arctos horribilis</i> ).....	4-251
Lynx ( <i>Felis lynx canadensis</i> ).....	4-251
Unavoidable Adverse Impacts.....	4-251
Cumulative Impacts.....	4-252
Internal Bull Trout Conservation Plan Alternative.....	4-253
Simplified Prescriptions Alternative.....	4-253
4.8 Land Use.....	4-253
4.8.1 Introduction.....	4-253
4.8.2 Issues Eliminated from Further Analysis.....	4-254
4.8.3 Issues Addressed in the Impact Analysis.....	4-254

- D FWS Species Consultation Letter
- E Wildlife Species Habitat Use by Lifeform and by Riparian Stand Type
- F Public Comments

<b>Tables</b>	<b>Page</b>
ES-1 Summary Table of Effectiveness Monitoring and Adaptive Management Commitments .....	ES-15
ES-2 EIS Alternatives Summary of Effects .....	ES-16
ES-3 Habitat Conservation Prescriptions Contained in the Alternatives.....	ES-20
1.2-1 Required Contents of an HCP and an EIS and Their Locations in this Combined EIS/NFHCP.....	1-4
1.6-1 Public Information and Involvement Tasks and Results .....	1-38
2.2-1 Land Ownership or Administration (acres) by State and Planning Area Basin .....	2-8
2.3-1 Plum Creek’s Tier 1 Watersheds and Tier 2 Lands by State and Planning Area Basin .....	2-21
2.3-2 Summary of Adjacent Federal Lands Within the Planning Area .....	2-23
2.3-3 Adjacent Federal Land Managers and Their Management Units .....	2-23
3.1-1 Extent of Conservation Commitments Contained within Conservation Categories for Each Alternative.....	3-12
3.3-1 Habitat Conservation Prescriptions Contained in the Alternatives.....	3-17
3.3-2 Relevant Federal and State Regulations and BMPs Comprising Existing Regulations .....	3-31
3.3-3 Plum Creek Management Activities Covered by Existing Regulations .....	3-32
3.3-3a Summary Description by Forestry Topic of Prescriptions Associated with the Washington Forest Practices Board Rule Book (November 1998) and the Forests and Fish Report (March 2000) .....	3-33
3.3-4 Forest Road and Upland Management BMPs.....	3-37
3.3-5 Riparian Management BMPs.....	3-39
3.3-6 Land Use Planning BMPs.....	3-42
4.4.1 303(d) Listed Streams for Montana, Idaho, and Washington.....	4-29
4.5-1 Characteristics of Riparian Stand Types in the Project Area.....	4-43
4.5-2 Distribution of Tree Species Within Riparian Stand Types in the Planning and Project Areas .....	4-46
4.5-3 Endangered, Threatened, and Sensitive Plant Species that May Occur in the Project Area .....	4-50
4.6-1 State and Federal Protective Status of Native Salmonids in the Planning Area.....	4-67
4.6.2 Biological Goals and Objectives of Plum Creek’s NFHCP.....	4-70
4.6.3 Attribute Data for Project Area Lands by State and Planning Area Basin .....	4-71
4.6-4 Summary of Bull Trout Subpopulation Characteristics, Status, and Trends for Portions of the Columbia River Distinct Population Segment Occurring in Planning Area Basin Drainages (after FWS 1998a) .....	4-84
4.6-5 Summary of Threats to Bull Trout Subpopulations in Portions of the Columbia River Distinct Population Segment Occurring in Planning Area Basin Drainages (after FWS 1998a).....	4-89

<b>Tables (continued)</b>	<b>Page</b>
4.6-6 Potential Relationships Among Land Management Activities and the Four C's..	4-129
4.6-7 Summary of Transportation System and Annual Road Sediment Delivery in 17 Study Watersheds .....	4-133
4.6-8 Potential LWD Loading and Canopy Cover for Riparian Forest Stand Types.....	4-138
4.6-9 Estimated Amount of Grazing Effects along Streams within the Project Area.....	4-143
4.6-10 Threats to the Four C's for Bull Trout Subpopulations in Columbia River Population Segments Occurring in Planning Area Basin Drainages (after FWS 1998a) .....	4-150
4.6-11 Estimated Reduction in Sediment Delivered to Streams by Implementing the Action Alternatives .....	4-179
4.6-12 Summary Table of Effectiveness Monitoring and Adaptive Management Commitments .....	4-191
4.7-1 Faunal Lifeform Types in the NFHCP Planning Area.....	4-221
4.7-2 Wildlife Lifeform Habitats for EIS Alternatives at 10-Year Permit Intervals.....	4-246
5.3-1 EIS Alternatives Summary of Effects.....	5-11
6.5-1 Agencies, Tribes, and Organizations Formally Requested to Comment on the DEIS.....	6-6

<b>Figures</b>	<b>Page</b>
ES-1 Shroder Creek Tier 1 Watershed—Middle Clark Fork Planning Area Basin .....	ES-11
4.4-1 BMP Application and Effectiveness Rates for Idaho and Montana .....	4-33
4.5-1 Relative Amount of Riparian Stand Types in ICRB Portion of the Project Area....	4-44
4.5-2 Visual Representation of Nine Dominant Riparian Stand Types in the Interior Columbia River Basin.....	4-45
4.5-3 Proportion of Project Area Stream Length by Decade Expected to be Classified as Undisturbed by Grazing Under the Proposed NFHCP .....	4-59
4.5-4 Proportion of Project Area Stream Length by Decade Expected to be Classified as Undisturbed by Grazing Under the Plum Creek Internal Bull Trout Conservation Plan Alternative .....	4-62
4.5-5 Proportion of Project Area Stream Length by Decade Expected to be Classified as Undisturbed by Grazing Under the Simplified Prescriptions Alternative .....	4-64
4.6-1 Summary of Roads in the Project Area by Soil and Watershed Type .....	4-133
4.6-2 Summary of Montana BMP Audit Results, 1990-1998.....	4-159
4.6-3 Cumulative Sediment Delivery from Existing Roads During the 30-Year Planning Period.....	4-160
4.6-4 Total Sediment Delivery from Existing Roads During the Planning Period .....	4-161
4.6-5 Cumulative Sediment Delivery from New Roads During the Planning Period.....	4-162
4.6-6 Total Sediment Delivery from New Roads During the Planning Period.....	4-162

<b>Figures (continued)</b>	<b>Page</b>
4.6-7 Approximate Distribution of New Road Construction by Geologic District During the Planning Period.....	4-163
4.6-8 Expected Net Sediment Delivery by Conservation Category Under the Four Alternatives.....	4-164
4.6-9 Proportion of Streams Affected by Three Levels of Grazing Disturbance Under the No Action Alternative.....	4-164
4.6-10 Projected Changes in Riparian Area Canopy Cover Over 30 Years in Tier 1 Watersheds.....	4-166
4.6-11 Potential Sediment Delivery Reduction through Road Abandonment among the Four Alternatives .....	4-177
4.6-12 Total Reduction of Sediment Delivery through Road Abandonment among the Action Alternatives.....	4-179
4.6-13 Estimated 30-Year Trends in Total Sediment Delivery in the Project Area among the Four Alternatives.....	4-181
4.6-14 Proportion of Streams Affected by Three Levels of Grazing Disturbance Under Plum Creek’s Proposed NFHCP.....	4-181
4.6-15 Shroder Creek Tier 1 Watershed—Middle Clark Fork Planning Area Basin .....	4-195
4.6-16 Proportion of Streams Affected by Three Levels of Grazing Disturbance Under the Simplified Prescriptions Alternative.....	4-215
