

KANSAS NATURAL RESOURCE TRUSTEE COUNCIL

U.S. Department of the Interior
&
State of Kansas

Cherokee County Superfund Project Cherokee County, Kansas

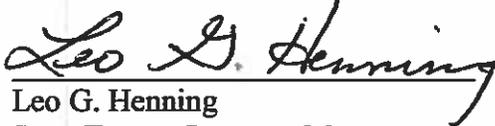

Trustee Council Resolution #7
October 12, 2010

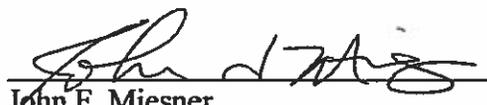

The Kansas Trustees are requesting \$97,016.20 from the ASARCO settlement funds (Account #0585) to be distributed to the Kansas Department of Health and Environment (KDHE). KDHE will forward the money to the Kansas Department of Wildlife and Parks (KDWP) for their efforts in implementing the Cherokee County Restoration Plan. The money should be withdrawn from the 30-day Treasury bill account.

This resolution is to reimburse KDWP for two restoration actions and one administrative action that are consistent with the Cherokee County Restoration Plan. Under the direction of the Kansas Trustees, the KDWP has performed two restoration actions. The two restoration actions are the appraisal of a parcel of native hay meadow for potential purchase by the Trustees which is consistent with Alternative T2 of the Cherokee County Restoration Plan. The cost of the appraisal for this parcel of property was \$7,500.00. Also, the KDWP has purchased equipment to implement restoration actions on existing property which is consistent with Alternatives T3, T4, and T5 of the Cherokee County Restoration Plan. The cost of this equipment is \$80,682.73. The total of these two restoration actions is \$88,182.73.

KDWP has submitted their administrative past costs for implementing terrestrial restoration actions consistent with the Cherokee County Restoration Plan. These costs include labor and mileage for KDWP and totals \$8,833.47. These costs are from January 1, 2010, through September 30, 2010.

Therefore, the total amount of this resolution totals \$97,016.20.
