<b>TOTAL</b>	<b>1,230,068</b>			<b>37,490</b>

## **FACILITY MAINTENANCE**

**Brad Flickinger Serviced and cleaned up our lawn and garden equipment. Before we know it we will be cutting grass.**

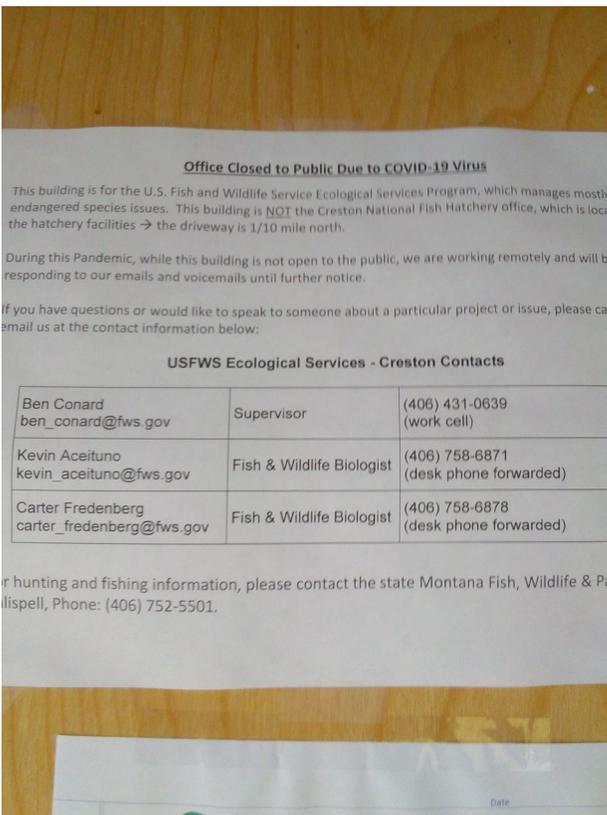

**Spring cleanup has been completed on our nature trails, picnic pavilion and outdoor classroom. Hopefully next month we will get some wood chips donated to resurface the trails.**

**One of six burn piles that were created during the cleaning up of our trails and public use areas. Most have been burned, but we got a few more to go.**

## **OTHER NOTEABLE ITEMS**

**The Ecological Services office at the Creston NFH has closed their office doors. This sign has been posted on the office door with contact info if assistance is required.**

- **All staff members have been completing online training through DOI Talent**
- **YCC Recruitment has begun.**

## **UPCOMING EVENTS**

**We had planned on reinstalling the hatchery intake/fish screen this month, but due to freezing temperatures this will have to wait till next month.**

- **Hopefully start stocking fish next month to make room for new year classes that are starting to outgrow their current rearing units.**
- **Scheduling of tours. picnic pavilion, and nature explore classroom will continue to be on hold.**
