Calling all Scouts!

You are invited to participate in an epic battle against alien invaders!

On June 8, 2013 beginning at 11:30 A.M. we will learn the identities of several destructive plant species which have bullied their way into our native habitats. We will deploy to the occupied zones where the invaders have taken over. Teams will seek out and remove the aliens for disposal.

The US Fish & Wildlife Service and the Friends of the Assabet River National Wildlife Refuge will provide work gloves for each “Weed Buster” that day. Your training will provide you with the skills to recognize these trespassers and you will be able to teach others about them.

Leaders, we do need a count for this program. Please respond to this invitation by e-mail or phone call to me Tuesday through Friday 9-3 or Kizette at ext.117 Wednesday through Sunday 10AM to 4PM. Prior to June 1st.
