General Observations:
Erosion/Siltation        Yes / No
Comments: (describe location and extent, and impact on swamp pink)
________________________________________________________________________
________________________________________________________________________

Human Disturbance        Yes / No
Comments: (includes trampling, dumping, ORV use, logging, pollution; describe location and extent, and impact on swamp pink)
________________________________________________________________________
________________________________________________________________________

Hydrology Alterations     Yes / No
Comments: (includes damming, ditching, excessive permanent drawdown; describe type, location, and extent, and impact on swamp pink)
________________________________________________________________________
________________________________________________________________________

Herbivory                 Yes / No
Comments: (include approximate number of plants affected)
________________________________________________________________________
________________________________________________________________________

Adjacent Development      Yes / No
Comments: (include distance from wetland and impact on swamp pink)
________________________________________________________________________
________________________________________________________________________
Approximate Size of Area Surveyed (sq. yds/acres) _______________________
(Mark area(s) surveyed and - if known - population boundary on the map provided.)

Weather Conditions: _____________________________________________________
