STATUS

E	Endangered Species	Any species that is in danger of extinction throughout all or a significant portion of its range.
T	Threatened Species	Any species that is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range.
T(4d)	4d Rule in Effect	Threatened species for which a special rule is in effect under Section 4(d) of the ESA, removing certain prohibitions that would otherwise be in place.
C	Candidate Species	Species that appear to warrant listing, but listing is currently precluded by higher priority actions. Although these species receive no substantive or procedural protection under the Endangered Species Act, Federal agencies and other planners are encouraged to consider these species in environmental planning.
P	Proposed Species	A species for which a proposed rule to list as endangered or threatened has been published in the <i>Federal Register</i> .
[PD]	Proposed for Delisting	A species for which a proposed rule to remove from the list of threaten and endangered species has been published in the <i>Federal Register</i> .
