

Eyes On Owls

Celebrate

International Migratory Bird Day

On Saturday May 8th, 2010

Everyone loves owls! Yet, how many of us have ever seen a live owl up close?

Perhaps you've glimpsed the shadowy form of a Great Horned Owl in the headlights as you've traveled a back road at night. Ever scanned a frozen saltmarsh or farmer's meadow in winter, hoping to find that Arctic hunter, the Snowy Owl?

How about a mob of noisy crows circling a white pine tree - have they found an owl?

Join naturalist Marcia Wilson and photographer Mark Wilson in sharing their passion for owls!
