## Warning

Mercury contamination has been documented on the refuge. On July 29, 1992, the State of Louisiana issued the following consumption regarding fish from the Ouachita River: For pregnant women and children (less than seven years of age), consume no bass, and limit consumption of other species of fish to two meals per month (a meal is considered to be half a pound of fish for an adult). For non-pregnant women, men and children (seven years of age and older), limit the consumption of bass to two meals per month, and there is no limit on other species of fish.

Elevated levels of mercury have been found by the Fish and Wildlife Service in other species of fish and it is recommended that no fish caught on the refuge be eaten.

## Signs and Boundaries

Signs are useful tools in regulating the use of a public area. The wording applies to the areas behind the signs. Pay attention to the signs, watch for boundary corners, and check your location with the maps.

This sign marks the refuge boundary. Public entry by foot is generally authorized at all times on the refuge. However, other refuges in the system may have different regulations concerning general entry. Always know the regulations before entering.

This sign means that the area is closed to all entry. Do not trespass behind this sign for any reason other than emergency. Exception: Check with refuge office for information.

This sign means no motorized vehicles beyond this point. This applies to all cars, trucks, jeeps, all-terrain vehicles, and motorcycles. Non-motorized bicycles are allowed.

This sign marks the boundaries of the waterfowl hunting areas on the refuge.

No boats permitted in No Hunting Area at Mollicy from Sept. 1 - Feb. 28, (see map). Motorized boats can only be launched from designated boat ramps at the Mollicy Unit

# Upper Ouachita National Wildlife Refuges Hunting and Fishing Regulations 2009-2010

## Introduction

Upper Ouachita National Wildlife Refuge is one of over 540 national wildlife refuges. The primary objective of a national wildlife refuge is to provide habitat for the conservation and protection of all species of wildlife, particularly waterfowl and other migratory birds. The harvest of animals is one tool used to manage fish and wildlife populations. Carefully managed hunting and fishing help maintain these populations at a level compatible with the environment, provide wholesome recreational opportunities, and permit the use of valuable renewable resources.

The regulations in this pamphlet supplement the general regulations governing hunting and fishing on national wildlife refuges as set forth in Title 50, Code of Federal Regulations. Hunting and fishing will be in accordance with applicable state regulations except as noted below.

As you use the refuges, take pride in America and the refuge resources. Report violations promptly. Respect the rights of others using the refuge.

## Warning

Use caution when operating boats or wading in flooded areas of the refuge. Obstructions/obstacles may be submerged and unmarked.

All boats must comply with state law and display proper navigation lights from sunset to sunrise.

## General Hunting Regulations

### Permits

A signed refuge hunting permit (front of this brochure) must be carried by all hunters.

### Limited Youth Hunts

A special limited permit is required for the Limited Youth Waterfowl and Limited Youth Turkey hunts. To apply for a limited youth hunt, type or plainly print your name, address, and date of birth on the front of a **U.S. Postal Service postcard**. Unofficial postcards will be discarded prior to drawing. Send all postcards **in an envelope** addressed to the Refuge Manager at the address on the back of this brochure. You may only apply once. Youth Waterfowl applications must be postmarked during September 2009 and Youth Turkey applications will be accepted between February 1 and March 5, 2010.

### Restricted Areas

Hunting is restricted in certain areas as shown on the

hunting map. No hunting is allowed within the maintained rights-of-way of the roads, ATV trails and electric transmission lines shown on the map.

Refuge hunting seasons apply to all navigable waterways that are wholly within the refuge boundary.

Hunters may enter the refuge no earlier than 4 am and must exit no later than two hours after legal shooting hours unless otherwise specified.

### Youth

**The definition of youth hunters on the refuge is as follows: 17 years old and under for all hunting except for migratory bird hunts, youth must be 15 years old or under.** Youths must be closely supervised (in sight and in normal voice contact) by an adult at least 21 years old. An adult may supervise only one youth on a big game hunt and no more than two youths on a small game or waterfowl hunt. **Youth hunters are no longer required to have completed a hunter education course to hunt on the refuge.**

### Firearms and Ammunition

Firearms are permitted only during the refuge gun hunting seasons. Firearms are not allowed on the refuge beyond 2 hours after legal shooting hours, except for raccoon hunting. Firearms larger than .22 caliber rimfire, shotgun slugs, and buckshot are allowed only during the refuge gun deer season. Use or possession of lead shot, except buckshot during refuge gun deer season, is prohibited. **Firearms being transported in motorized vehicles, ATVs, and boats must be completely unloaded and encased.**

### Safety

All hunters (except waterfowl hunters) must wear hunter orange including orange hat during the refuge gun deer hunt as per state deer hunting regulations on WMAs. **Hunters participating in special dog season for rabbit hunting must wear an orange hat. Although highly recommended, the International Bowhunters Education certification is no longer required to archery deer hunt on the refuge.**

### Disabled

Medically certified disabled sportsmen that need assistance should contact the Refuge Manager.

### ATV Regulations

ATVs are permitted on trails designated for their use (see map). The trails are marked with signs and will be closed

March 1 through August 31. ATVs are prohibited from one hour after legal shooting hours to 4 a.m. Raccoon hunters may not use ATVs. **ATV tires are restricted to those no larger than 25 x 12 with a maximum 1” lug height and a maximum allowable tire pressure of 7 psi. as indicated on the tire by the manufacturer. ATVs cannot exceed 750 lbs., 85” in length and 48” in width. Use of all other ATVs or ATV tires is prohibited on the refuge.** Exceptions to ATV trail closures are the ATV trail south of the levee on Mollicy Unit and the ATV trail from Eagle Nest Parking Lot to Cheney Slough which will be open March 1 through August 31 for fishing access only (see map).

### Summary of Recent Regulation Changes
