

The Nature of Cities

Portland Building
1120 SW 5th Avenue
2nd Floor Auditorium
Tuesday, September 13, 2011
12:00 – 1:00pm

As greater attention is paid to the role of cities in environmental and climate issues, **The Nature of Cities** reinforces the importance of many local planning, urban design and environmental education efforts, including policies, actions and initiatives currently being considered as part of the Portland Plan. **Timothy Beatley** is the Teresa Heinz Professor of Sustainable Communities in the Department of Urban and Environmental Planning, School of Architecture at the University of Virginia, where he has taught for more than twenty years.
