Endangered and Threatened Species Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications.

SUMMARY: The following applicants have applied for a scientific research permit to conduct certain activities with endangered species pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 USC 1531 et seq.).

Permit No. 777965

LSA, Riverside, California

The applicant requests an amendment to his permit to take (harass by survey) the Quino checkerspot butterfly (Euphydryas editha quino) in conjunction with presence or absence surveys throughout the species range in California for the purpose of enhancing its survival.

Permit No. 780566

Applicant: Ruben Ramirez, Diamond Bar, California

The applicant requests an amendment to his permit to take (harass by survey) the Quino checkerspot butterfly (Euphydryas editha quino) in conjunction with presence or absence surveys throughout the species range in California for the purpose of enhancing its survival.

Permit No. 838741

Applicant: Larry Munsey, Tustin, California

The applicant requests a permit to take (harass by survey) the Quino checkerspot butterfly (Euphydryas editha quino) in conjunction with presence or absence surveys throughout the species range in California for the purpose of enhancing its survival.

Permit No. 838739

Applicant: LMI, Irvine, California

The applicant requests a permit to take (harass by survey) the Quino checkerspot butterfly (Euphydryas editha quino) and the Laguna Mountain skipper (Pyrgus rurals lagunae) in conjunction with presence or absence surveys throughout the species range in California for the purpose of enhancing its survival.

Permit No. 838743

Applicant: David K. Faulkner, San Diego, California

The applicant requests a permit to take (harass by survey) the Quino checkerspot butterfly (Euphydryas editha quino) and the Laguna Mountain skipper (Pyrgus rurals lagunae) in conjunction with presence or absence surveys throughout the species range in California for the purpose of enhancing its survival.

FOR FURTHER INFORMATION CONTACT: Documents and other information submitted with these applications are available for review, subject to the requirements of the Privacy Act and Freedom of Information Act, by any party who submits a written request for a copy of such documents within 20 days of the date of publication of this notice to the address above; telephone: (503) 231–2063. Please refer to the respective permit number for each application when requesting copies of documents.

Thomas Dwyer,
Acting Regional Director, Region 1, Portland, Oregon.

National Oceanic and Atmospheric Administration

Issuance of Permit for Marine Mammals

On July 18, 1997, a notice was published in the Federal Register, Vol. 62, No. 136, Page 38575, that an application had been filed with the Fish and Wildlife Service by the Natural History Museum of Los Angeles County, Los Angeles, CA for renewal of a permit (FWS# 717015, NMFS# 375–1392) to import, export, re-import and re-export biological samples from all Cetacea, Pinnipedia, Sirenia, sea and marine otters for the purpose of scientific research.

Notice is hereby given that on January 6, 1998, as authorized by the provisions of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.) the Fish and Wildlife Service in cooperation with the National Marine Fisheries Service authorized the requested permit subject to certain conditions set forth therein.

Documents and other information submitted for these applications are available for review by any party who submits a written request to the U.S. Fish and Wildlife Service, Office of Management Authority, 4401 North Fairfax Drive, Rm 700, Arlington, Virginia 22203. Phone (703) 358–2104 or Fax (703) 358–2281.

Issuance of Permit for Marine Mammals

On November 14, 1997, a notice was published in the Federal Register, Vol. 62, No. 220, Page 61139, that an application had been filed with the Fish and Wildlife Service by Charles L. Chappell for a permit (PRT-836256) to import a sport-hunted polar bear (Ursus maritimus) trophy, taken from the Lancaster Sound population, Northwest Territories, Canada, prior to April 30, 1994 for personal use.

Notice is hereby given that on January 9, 1998, as authorized by the provisions of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.) the Fish and Wildlife Service authorized the requested permit subject to certain conditions set forth therein.

On November 20, 1997, a notice was published in the Federal Register, Vol. 62, No. 224, Page 62068, that an application had been filed with the Fish and Wildlife Service by Taylor Mills for a permit (PRT 836587) to import a sport-hunted polar bear (Ursus maritimus) trophy, taken from the Gulf of Bothia population, Northwest Territories, Canada, prior to April 30, 1994 for personal use.

Notice is hereby given that on January 9, 1998, as authorized by the provisions of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 et seq.) the Fish and Wildlife Service authorized the requested permit subject to certain conditions set forth therein.

A request extending the information collection described below has been submitted to the Office of Management and Budget (OMB) for approval under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)). Copies of the proposed collection may be obtained by contacting the Bureau's clearance officer at the phone number listed below. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days; therefore, public comments should be submitted to OMB within 30 days in order to assure their maximum consideration. Public comments on the proposal should be made directly to the Desk office for the Interior Department, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 and to the Bureau Clearance Officer, U.S. Geological Survey, 807 National Center, Reston, VA 20192.

As required by OMB regulations at 5 CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments as to:

1. Whether the collection of information is necessary for the proper performance of the functions on the bureaus, including whether the information will have practical utility;
2. The accuracy of the bureau's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The quality, utility, and clarity of the information to be collected; and
4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Title: North American Reporting Center for Amphibian Malformations.

OMB Approval No: 1028-0056.

Summary: The collection of information referred herein applies to a World-Wide Web site that permits individuals who observed malformed amphibians or who inspect substantial numbers of normal or malformed amphibians to report those observations and related information. The Web site is termed the North American Reporting Center for Amphibian Malformations. Information will be used by scientists and federal, state, and local agencies to identify areas where malformed amphibians occur and the rates of occurrence.

Estimated Completion Time: 20 minutes.
Estimated Annual Number of Respondents: 900.
Frequency: Once.
Estimated Annual Burden Hours: 300 hours.
Affected Public: Primarily U.S. and Canadian residents.

FOR FURTHER INFORMATION CONTACT: To obtain copies of the survey, contact the Bureau clearance officer, U.S. Geological Survey, 807 National Center, 12201 Sunrise Valley Drive, Reston, Virginia, 20192, telephone (703) 648-7313, or go to the Website (http://www.npsc.nbs.gov/narcam).

Dennis B. Fenn,
Chief Biologist.
