Title of Proposed: Lender Qualifications for multifamily Accelerated Processing

OMB Control number, if Applicable: 2502–XXXX
Agency Form Number, if Applicable: None.

Description of the Need for the Information and its Proposed Use: FHA-approved mortgagees (lenders) will be required to submit to HUD information to show that they have an experienced multifamily underwriter on staff, and that they have satisfactory record on lending on multifamily housing properties. The information includes (a) identification of the applicant lender; (b) names of those authorized to commit the lender to a mortgage insurance application; (c) copy of approval as an FHA multifamily mortgagee; (d) method of operation in multifamily lending; e.g. whether loans are serviced, and experience in construction loan administration; (e) Experience in multifamily lending, including both conventional lending and FHA insured mortgage lending; (f) experience of key personnel, including underwriter or underwriters; (g) and agreement that the lender will open its files and records to monitoring by HUD staff or one or more loans or originated by the lender under the MAP process.

Need and Use of the Information: The information is needed for HUD to qualify lenders to process applications for mortgage insurance under the Multifamily Accelerated processing guide. Once a lender is approved, its name will be posted on the web. Once approval is given, there are no requirements for further qualifications. Form Number(s): No form required. Qualified lenders will submit exhibits, such as resumes, and use a narrative description. Lender Qualifications are posted on the worldwide web. Chapter 2 of the MAP Guide is posted on worldwide web: The Netsite address is: http://www.hud.gov/fha/mfh/map/ mapguide.html

SUMMARY: Lorie Lopez (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an incidental take permit pursuant to Section 10(a) of the Endangered Species Act (Act). The Applicant has been assigned permit numbers TE–024873. The requested permit, which is for a period of 5 years, would authorize the incidental take of the endangered Houston Toad (Bufo houstoniensis). The proposed take would occur as a result of the construction and occupation of one single family residence on Lot 41 of the Circle D Estates Subdivision, Bastrop County, Texas.

The Service has prepared the Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application. A determination of jeopardy to the species or a Finding of No Significant Impact (FONSI) will not be made before 30 days from the date of publication of this

land acquisition and management to the National Fish and Wildlife Foundation for the specific purpose of providing $33,000.00 ($1,500.00 per homesite) and result in indirect impacts within the lot. The applicant proposes to compensate for this incidental take of the Houston toad by donating $33,000.00 ($1,500.00 per homesite) to the National Fish and Wildlife Foundation for the specific purpose of land acquisition and management within Houston toad habitat, as identified by the Service.
Alternatives to this action were rejected because not developing the subject property with federally listed species present was not economically feasible and alteration of the project design would not alter the level of impacts.
